

Rockefeller Pledges Program Linked to Liquor Law Change

ALBANY, N.Y. (AP) — Gov. Rockefeller will ask the coming session of the Legislature to re-vamp the state's liquor laws in an effort to close avenues for graft and corruption.

In his annual message to the

law makers next Wednesday, Rockefeller will promise to submit a program of liquor-law revisions, informed sources reported Friday.

To Study Moreland Report

Meanwhile, the Republican governor will study the report of the Moreland Act Commission he named last winter to examine the liquor laws. The commission is expected to unveil its findings next week.

Rockefeller was said to be especially interested in revising laws and policies that he believes have fostered graft by making liquor licenses to difficult to obtain or hold.

Rockefeller set the commission in motion after a Manhattan grand jury uncovered evidence of corruption in licensing operations of the State Liquor Authority.

During the period in question, the authority was headed by a Rockefeller appointee, Martin C. Epstein, later indicted on a charge of taking bribes. The names of other prominent Republicans, including former GOP State Chairman L. Judson Morhouse, have been injected into the inquiry.

Must Counter Impressions

Rockefeller was said to feel that the Republican-controlled Legislature should take prompt action in an effort to counter unfavorable impressions on the public.

The Moreland Commission is expected to issue recommendations in these areas it has been studying:

Liquor Freeze — Proposals have been made for ending the SLA's 17-year-long freeze on issuing additional retail liquor licenses. Opponents of the freeze argue that it has placed too high a premium on a liquor license.

Serving Food — Many taverns want the state to scrap the law requiring them to be bona fide restaurants, able to serve meals as well as liquor. The argument here is that the requirement is unrealistic and encourages deception.

Price Controls — The larger package stores appear to favor ending state-imposed minimum price controls, but smaller operators fear they would be squeezed out of business by fast-turnover outlets selling at cut-rate prices.

40 Killed In Serbia Rail Crash

Many of 120 Hurt Called Critical, 8 Cars Crushed

BELGRADE, Yugoslavia (AP) — At least 40 persons were killed today when a crowded commuter train ran into a passenger train standing in the Jajinci Station nine miles south of Belgrade.

Still Recover Bodies

More than 120 people were injured, and by noon 12 had died in hospitals. Workers were still recovering bodies from the wreckage and many of the injured were in critical condition.

Official sources said they did not know of any foreigners among the dead so far.

Officials proclaimed a day of sorrow throughout the state of Serbia. All entertainments were canceled and flags were half staffed.

The commuter train from Pozarevac was more crowded than usual because of the New Year holidays. Most shops and factories in Yugoslavia have been closed for the past three days.

40 Ambulances Called

Eight coaches were crushed in the impact. Workers from a nearby factory were the first on the scene and started rescue were called in and hospitals in the area appealed to the population for blood donations.

Most of the dead and injured came from the commuter train, witnesses said. They said the train was moving at full speed, which usually is about 40 miles an hour.

Loughran Spruce Will Return as Scout Wood

A 60-year-old tall and stately Norway spruce, which was trucked from the Dr. and Mrs. Elbert H. Loughran home in Hurley, to Rockefeller Center where it was a major attraction for hundreds of thousands during the Christmas season, will be returned to this area.

Since Dec. 12, the beautiful spruce, like the belle of the ball with its 7,000 colored lights and 5,000 red, green and gold spangles, adorned the famous Christmas area spot at Rockefeller Center.

Before the tree returns to this area, it will be cut into firewood lengths, to provide warmth and continued happiness for area Boy Scouts.

Value Under 1962 Total for Permits On Building Here

Although permits issued from Jan. 1 through Dec. 1, 1963 at the offices of the Building Department aggregated \$2,136,518, the construction value for that period compared to the 1962 total was down \$577,830, according to a report compiled by Building Inspector Joseph F. Smith.

During 1963, a total of 171 permits were issued for new buildings, additions, alterations, private garages and other work. Inspector Smith reported 24 permits were issued for new buildings, which were constructed at a total cost of \$1,780,500. Forty-seven permits were issued for additions to present structures. The cost of that work amounted to \$251,368.

Twenty-one permits were issued for alterations that cost an estimated \$46,350, and 25 permits were obtained by property owners for private garages that cost \$36,260. Twenty-six permits were issued for installation of heat and fuel tanks at a cost of \$18,410.

Installation of one incinerator cost \$3,000, a fire escape listed on another permit was installed at an estimated cost of \$400, and a patio cover cost \$180. Twenty-four permits were issued for demolitions.

In a communication to the Rev. Arthur E. Oudemool, pastor of the Old Dutch Church, where the Loughran family have been faithful parishioners for years, Miss Caroline Hood, public relations director for Rockefeller Center, explained that it has been the custom to present the Christmas tree exhibited on the Fifth Avenue site each year, to a group in which the tree donors are affiliated as members.

Mrs. Lewis Keator, Old Dutch Church secretary, said the church graciously accepted the offer of the Norway spruce on behalf of Boy Scout Troop 12, sponsored by the church.

A church spokesman said that because of the anticipated huge supply of firewood expected to be produced by cutting the now famous Loughran Christmas tree from Hurley, Rockefeller Center officials were asked to deliver the wood to Boy Scout Camp Tri-Mount at East Jewett in Greene County.

It was noted that the wood will be turned over to Troop 12, but it undoubtedly will be used by all troops at the East Jewett camp for ceremonial campfires next summer.

Some of the wood, it was said, will be kept in Kingston for use during the Living Nativity Scene at the Old Dutch Church during the 1964 Christmas season.

The Loughrans weren't too sad about the departure of their symmetrical beauty last December, even though Dr. Loughran's father, Roger Hall Loughran, planted it on his hilltop site The Knolls. That was in 1903, when he had a summer home there.

But, the senior Mr. Loughran built a large, rambling house on the hill in 1937 and the tree became a nuisance. Every winter, when the cold winds whipped across the estate not far from Kingston, ice from the tree slid down the slate roof causing a fearful clatter.

The 45-foot-wide spread of the tree's bushy branches also shaded the roof from the morning sun, permitting the ice to thicken and grow heavier on the slate as the winter advanced.

Dr. Loughran, reluctantly, offered the spruce to Rockefeller Center, and it was such a beauty that the center organization bought it for \$100. Dr. and Mrs. Loughran later donated the full amount to Kingston Hospital.

Sees Overtime Key to Jobless

JOHNSON CITY, Tex. (AP) — President Johnson's demand for new thinking in devising solutions to the nagging unemployment problem has produced a hint of possible action that could affect virtually every American worker.

After conferring with Johnson at the LBJ Ranch, Secretary of Labor W. Willard Wirtz suggested to newsmen it might be wise to study the present time-and-a-half pay rate for overtime work.

If the rate were raised, Wirtz said, employers might be encouraged to eliminate overtime chores and hire additional workers.

He said elimination of overtime would open up the equivalent of 919,000 full-time jobs.

Wirtz' suggestion came three days after a Johnson aide had told newsmen the President wanted new thinking on possible ways to cope with persistent unemployment troubles.

Johnson indicated Friday he is trying hard to keep his new budget, for the 1965 fiscal year that begins July 1, below \$100 billion. He even said it might wind up one or two percentage points below that level.

A cut of two per cent from \$100 billion would yield a spending blue-print of \$98 billion, or less than the record-breaking budget of \$98.8 billion submitted to Congress a year ago by the late President John F. Kennedy.

Around \$100 Billion

However, it seemed unlikely that Johnson could avoid a budget bigger than ever.

The President, holding an impromptu news conference on the front porch of his ranch home, said the budget "will hover above or below \$100 billion; it might be off a small percentage."

And he reported that he had sliced several hundred million dollars each from the spending requests of the Agriculture Department, the Atomic Energy Commission and the space agency.

But he didn't say whether he was cutting these programs below current totals or simply reducing requests that traditionally exceeded going levels.

Moon Still '70 Goal

He did state there will be no pullback from the commitment to put an American on the moon

by 1970, a project that could cost as much as \$40 billion.

And Wirtz, meeting with reporters at press headquarters in Austin, said that in his department there will be no cuts in "human needs" activities. He said these will proceed "full speed ahead."

Budget problems were due for another airing today at a ranch get-together of Johnson and Administrator Najeeb E. Halaby of the Federal Aviation Agency. Johnson once again got in some late-afternoon relaxation (Continued on Page 6, Col. 1)

Nikita Relaxes As World Leaders Digest Proposals

WARSAW, Poland (AP) — Premier Khrushchev relaxed at a secluded hunting lodge in northern Poland today while world leaders digested his proposal for an agreement renouncing the use of force to settle territorial disputes.

See Eye on Dispute

There was no official information concerning the discussions between Khrushchev, his host, Polish Communist chief Wladyslaw Gomulka, and other Polish and Soviet leaders in the thatched-roof hunting lodge in a forest region about 100 miles northeast of Warsaw.

Western observers in Moscow believe the talks center on the Chinese-Soviet ideological dispute in preparation for a possible showdown meeting of world Communist leaders on Peking's threat to the Kremlin's leadership.

Hunting and Talks

Gomulka was expected to try to dissuade Khrushchev from calling such a meeting, arguing it would threaten unity in the Communist camp. The Moscow observers say the Soviet leader had been toying with the idea since it was suggested last fall as a means of settling the Moscow-Peking quarrel.

Khrushchev and Gomulka are expected to mix hunting with their talks, as they have done every winter since 1956, but there was no word of such sporting activity Friday.

Pope Begins Pilgrimage With World Peace Plea

Will Check Bad Tires In State

ALBANY, N.Y. (AP) — State Police will begin enforcing next week a new state law banishing badly worn or defective tires from New York highways.

Sometime during the week, all patrol cars will be equipped with special devices to measure the depth of tire treads to determine whether they meet minimum standards.

Warnings at Start

Although State Police are not willing to say so directly, they will not crack down hard at the outset but probably issue warnings to most violators.

The new law, which went into effect Jan. 1, makes it unlawful to drive on any street or highway in the state with badly worn or damaged tires.

A violator is liable to a fine of up to \$50 and a jail sentence up to 15 days for a first offense. Persistent violators can be fined up to \$250 and jailed for as long as 90 days.

Not only State Police but all local police agencies in the state also are expected to enforce the law, the Motor Vehicle Department said.

The law was enacted by the 1963 Legislature and signed by Gov. Rockefeller as a safety measure. The Motor Vehicle Department then set tire-safety standards following a series of public hearings and meetings with representatives of the tire industry.

To Watch Tread, Cuts

Under the department's regulations, tires may be deemed unsafe if they have less than 1-16th of an inch of tread or bear cuts that expose tire tread or have bulges or bumps indicating structural weaknesses.

State Police will use a device employed by the tire manufacturing industry for many years to measure tread depth. It is a small, tubular, shaped instrument about the size of a pencil, with a measuring gauge running through the center.

25,000 Still Need To Apply for '64 Car Registrations

Owners of motor vehicles in Ulster County who have not renewed their car registration for 1964, have only 20 days to obtain new plates, which must be attached to cars before midnight, Friday, Jan. 31.

Deputy County Clerk Ralph E. Post today noted that approximately 15,000 owners of motor vehicles, including all types, had renewed registration, out of upwards of 40,000 in the county.

Post urged car owners, who have not obtained their 1964 plate, to apply as soon as possible to avoid a last-minute rush. During the last several work days, the staff at the Ulster County Motor Vehicle Bureau at the State Armory on Manor Avenue, has been exceptionally busy.

Car owners, who are unable to apply at the MVB offices, may (Continued on Page 6, Col. 1)

Blazes Destroy 2 Sites, Vols Hurt

Two volunteer fire-fighters were injured and two buildings were virtually destroyed Friday in three Ulster County area fires.

Some 75 fire fighters from three counties battled a four-hour blaze that struck a nine room, two story frame summer home owned by Dr. Henry Weiss of Ellenville in the Town of Makkating in Sullivan County. The loss was estimated at between \$12,000-\$15,000.

Lloyd Greer, brother of Fire Chief Gregor Greer of the Wallkill volunteers, suffered smoke inhalation. He was given first aid by the fire department and taken to Veterans Memorial Hospital in Ellenville for treatment. William Farrell, also of Wallkill Valley, suffered first degree burns of the left arm, but was not hospitalized.

Three Units Respond

Chief Greg Greer said that Pine Bush from Orange County; Bloomingburgh, Sullivan County and Cragmoor, Ulster County, responded to the blaze about 6:30 p. m. Pine Bush and Bloomingburgh battled the fire while Cragmoor stood by for the Wallkill Valley volunteers. Greer said that upon arrival of fire fighters, the home was completely engulfed in flames. He said the flames ripped through the second floor and rear of the structure.

Chief Greer said water was pumped from a nearby pond for three hours, but it was not possible to save the building. He said Dr. Weiss told him he was in the building last Tuesday but no one was in it when the fire broke out, to his knowledge.

Firemen returned to service at 10:45 p. m.

Cause of the fire was unknown today, Greer said.

Wallkill Valley responded to another alarm about 7 a. m. today.

Searchers Comb Pacific Ocean For Plane, Men

HONOLULU (AP) — Search for a missing Air Force transport plane and nine persons aboard went into its third day today as 60 aircraft and four ships combed 414,000 square miles of Pacific Ocean.

Make 77 Sorties

Up to Friday night, Air Force, Navy and Coast Guard planes had flown 77 sorties over the search area, midpoint of which is about 700 miles west of the Hawaiian Islands.

The 60 military planes and four Navy ships were to be joined by the American Presidential liner President Wilson. Nineteen aircraft flew into Hickam Air Force Base Friday night from Travis AFB, Calif., and three air rescue planes—two from Japan and one from Guam—also are being added to the task force.

Pontiff Welcomed By Hussein White Pigeons Go Up on Arrival At Amman Field

By GEORGE W. CORNELL, AP Religion Writer

JERUSALEM (AP) — Pope Paul VI opened his historic pilgrimage in the Holy Land today with an expression of hope for all men to "attain to universal peace in true brotherhood."

The 66-year-old ruler of the Roman Catholic church told Moslem King Hussein of Jordan the three-day visit is "a spiritual one, a humble pilgrimage to the sacred places made holy by the birth, the life, the passion and ascension."

In Bethlehem Monday

"At each of these venerable shrines," the Pope said, "we shall pray for that peace which Jesus left to His disciples, that peace which the world cannot give, but which comes from the fulfillment of His commandment: To love one another as He loved us."

Shrines on the Pope's itinerary today included Christ's Way of the Cross through the Old City of Jerusalem, the Church of the Holy Sepulcher and the Garden of Gethsemane. Sunday he visits holy places in Israel, across the no man's land dividing Palestine. He goes to Bethlehem Monday before returning to Rome.

The spiritual leader of the world's 550 million Roman Catholics was garbed in simple vestments of white as he alighted from an American-built airliner to the cheers of thousands waiting in Jordan's capital of Amman.

Salute Welcomes Pope

A driving northeast wind and a low ceiling over the airport made the landing uncertain until the last moment. But clear-ance was given, and the big DC8 jet set down at the airport at 1:15 p. m. (6:15 a. m., EST) after a flight of 3 hours and 20 minutes from Rome. The temperature was 44 degrees.

A 21-gun salute boomed across the field, welcoming the Pope as head of the Vatican City state and 15 white pigeons were sent aloft.

"This visit is an occasion we will always remember and treasure," Hussein told the Pope.

3,500-Mile Tour

By the time he returns to the Vatican late Monday, the Pope will have traveled 3,500 miles by plane and car, possibly the longest papal trip in history. He will have visited Moslem Jordan and Jewish Israel and will have had the first meeting in five centuries between a Pope and a patriarch of the Orthodox churches.

Departing from Rome, the Pope emphasized the religious aspect of his trip, which he described as "a pilgrimage of prayer and of penance."

Barry Determined to Go All Out For '64 Regardless of Primaries

PHOENIX, Ariz. (AP) — Conservative Sen. Barry Goldwater of Arizona, seeking the Republican presidential nomination to offer the nation "a clear choice" of philosophies, is determined to go all the way in his bid for the White House.

Win or lose in the presidential primaries he enters, Goldwater will stick with his race for the nomination until the Republican national convention chooses its candidate next July.

Word of the senator's determination came today from Denison Kitchel, newly named general director of the Goldwater campaign.

Nevertheless, Goldwater announced also for re-election to the Senate seat he has held for 12 years.

"I find no incompatibility in these two candidacies," he said. The filing deadline for the Arizona senatorial primary is July 10, three days before the GOP convention opens in San Francisco.

Goldwater, who had insisted he would not run for both the Senate and the White House, would not say whether he will withdraw from the Senate race

if he wins the presidential nomination.

"I will cross that bridge when I come to it," he said.

Four years ago, Goldwater called President Johnson a political trickster when the Texan ran for both the vice presidency and the Senate.

Kitchel said both he and Goldwater are confident the senator can win the nomination.

"I think we'll probably have it wrapped up by early spring," he said in an interview.

Goldwater and his wife plan to return to Washington today to launch the campaign he announced Friday when he hobbled on crutches to the patio of his hilltop home.

"I will seek the Republican presidential nomination . . . because of the principles in which I believe and because I am convinced that millions of Ameri-

cans share my belief in those principles," he declared.

"I have decided to do this also because I have not heard from any announced Republican candidate a declaration of conscience or of political position that could possibly offer to the American people a clear voice in the next presidential election."

Goldwater's first business as a candidate: removal of a heavy cast from his right foot. He had a calcium deposit removed from his heel four days before Christmas and is still on crutches.

When the cast is swapped for a lighter version, Goldwater is expected to discard the crutches. That will give him more of the mobility a candidate needs, and he plans to use it for:

A Sunday night appearance on a television panel show (Meet the Press—NBC).

A campaign kickoff speech at a Republican fund-raising dinner Monday night in Grand Rapids, Mich.

A Tuesday-to-Thursday foray into New Hampshire, where the nation's first presidential primary will be held March 10, with his initial appearance set for Concord, the state capital.

Rockefeller Pledges Program Linked to Liquor Law Change

ALBANY, N.Y. (AP) — Gov. Rockefeller will ask the coming session of the Legislature to revamp the state's liquor laws in an effort to close avenues for graft and corruption.

In his annual message to the

lawmakers next Wednesday, Rockefeller will promise to submit a program of liquor-law revisions, informed sources reported Friday.

To Study Moreland Report
Meanwhile, the Republican governor will study the report of the Moreland Act Commission he named last winter to examine the liquor laws. The commission is expected to unveil its findings next week.

Rockefeller was said to be especially interested in revising laws and policies that he believes have fostered graft by making liquor licenses to difficult to obtain or hold.

Rockefeller set the commission in motion after a Manhattan grand jury uncovered evidence of corruption in licensing operations of the State Liquor Authority.

During the period in question, the authority was headed by a Rockefeller appointee, Martin C. Epstein, later indicted on a charge of taking bribes. The names of other prominent Republicans, including former GOP State Chairman L. Judson Morhouse, have been injected into the inquiry.

Must Counter Impressions
Rockefeller was said to feel that the Republican-controlled Legislature should take prompt action in an effort to counter unfavorable impressions on the public.

The Moreland Commission is expected to issue recommendations in these areas it has been studying:

License Freeze — Proposals have been made for ending the SLA's 17-year freeze on issuing additional retail liquor licenses. Opponents of the freeze argue that it has placed too high a premium on a liquor license.

Serving Food — Many taverns want the state to scrap the law requiring them to be bona fide restaurants, able to serve meals as well as liquor. The argument here is that the requirement is unrealistic and encourages deception.

Price Controls — The larger package stores appear to favor ending state-imposed minimum price controls, but smaller operators fear they would be squeezed out of business by fast-turnover outlets selling at cut-rate prices.

Loughran Spruce Will Return as Scout Wood

A 60-year-old tall and stately Norway spruce, which was trucked from the Dr. and Mrs. Elbert H. Loughran home in Hurley, to Rockefeller Center where it was a major attraction for hundreds of thousands during the Christmas season, will be returned to this area.

Since Dec. 12, the beautiful spruce, like the belle of the ball with its 7,000 colored lights and 5,000 red, green, blue and gold spangles, adorned the famous Christmas tree at Rockefeller Center.

Before the tree returns to this area, it will be cut into firewood lengths, to provide warmth and continued happiness for area Boy Scouts.

Value Under 1962 Total for Permits On Building Here

Although permits issued from Jan. 1 through Dec. 1, 1963 at the offices of the Building Department aggregated \$2,136,518, the construction value for that period compared to the 1962 total was down \$577,830, according to a report compiled by Building Inspector Joseph F. Smith.

During 1963, a total of 171 permits were issued for new buildings, additions, alterations, private garages and other work. Inspector Smith reported 24 permits were issued for new buildings, which were constructed at a total cost of \$1,780,500. Forty-seven permits were issued for additions to present structures. The cost of that work amounted to \$251,368.

Twenty-one permits were issued for alterations that cost an estimated \$46,250, and 25 permits were obtained by property owners for private garages that cost \$36,260. Twenty-six permits were issued for installation of heat and fuel tanks at a cost of \$18,410.

Installation of one incinerator cost \$3,000, a fire escape listed on another permit was installed at an estimated cost of \$400, and a patio cover cost \$180. Twenty-four permits were issued for demolitions.

In a communication to the Rev. Arthur E. Mrs. Lewis Keator, Old Dutch Church secretary, said the church graciously accepted the offer of the Norway spruce on behalf of Boy Scout Troop 12, sponsored by the church.

A church spokesman said that because of the anticipated huge supply of firewood expected to be produced by cutting the now famous Loughran Christmas tree from Hurley, Rockefeller Center officials were asked to deliver the wood to Boy Scout Camp Tri-Mount at East Jewett in Greene County.

It was noted that the wood will be turned over to Troop 12, but it undoubtedly will be used by all troops at the East Jewett camp for ceremonial campfires next summer.

Some of the wood, it was said, will be kept in Kingston for use during the Living Nativity Scene at the Old-Dutchess Church during the 1964 Christmas season.

25,000 Still Need To Apply for '64 Car Registrations

Owners of motor vehicles in Ulster County who have not renewed their car registration for 1964, have only 20 days to obtain new plates, which must be attached to cars before midnight, Friday, Jan. 31.

Deputy County Clerk Ralph E. Post today noted that approximately 15,000 owners of motor vehicles, including all types, had renewed registration, out of upwards of 40,000 in the county.

Post urged car owners, who have not obtained their 1964 plate, to apply as soon as possible to avoid a last-minute rush. During the last several work days, the staff at the Ulster County Motor Vehicle Bureau at the State Armory on Manor Avenue, has been exceptionally busy.

Car owners, who are unable to apply at the MVB offices, may (Continued on Page 6, Col. 1)

Blazes Destroy 2 Sites, Vols Hurt

Two volunteer fire-fighters were injured and two buildings were virtually destroyed Friday in three Ulster County area fires.

Some 75 fire fighters from three counties battled a four-hour blaze that struck a nine room, two story frame summer home owned by Dr. Henry Weiss of Ellenville in the Town of Marmakating in Sullivan County. The loss was estimated at between \$12,000-\$15,000.

Lloyd Greer, brother of Fire Chief Greg Greer of the Walkkill volunteers, suffered smoke inhalation. He was given first aid by the fire department and taken to Veterans Memorial Hospital in Ellenville for treatment. William Farrel, also of Walkkill Valley, suffered first degree burns of the left arm, but was not hospitalized.

Three Units Respond

Chief Greg Greer said that Pine Bush from Orange County; Bloomingburgh, Sullivan County and Cragmoor, Ulster County, responded to the blaze about 6:30 p. m. Pine Bush and Bloomingburgh battled the fire while Cragmoor stood by for the Walkkill Valley volunteers. Greer said that upon arrival of fire fighters, the home was completely engulfed in flames.

He said the flames ripped through the second floor and rear of the structure. Chief Greer said water was pumped from a nearby pond for three hours, but it was not possible to save the building. He said Dr. Weiss told him he was in the building last Tuesday but no one was in it when the fire broke out, to his knowledge.

Make 77 Sorties
Up to Friday night, Air Force, Navy and Coast Guard planes had flown 77 sorties over the search area, midpoint of which is about 700 miles west of the Hawaiian Islands.

The 60 military planes and four Navy ships were to be joined by the American Presidential liner President Wilson.

Nineteen aircraft flew into Hickam Air Force Base Friday night from Travis AFB, Calif., and three air rescue planes—two from Japan and one from Guam—also are being added to the task force.

3,500-Mile Tour

By the time he returns to the Vatican late Monday the Pope will have traveled 3,500 miles by plane and car, possibly the longest papal trip in history. He will have visited Moslem Jordan and Jewish Israel and will have had the first meeting in five centuries between a Pope and a patriarch of the Orthodox churches.

Departing from Rome, the Pope emphasized the religious aspect of his trip, which he described as "a pilgrimage of prayer and of penance."

Pontiff Welcomed By Hussein White Pigeons Go Up on Arrival At Amman Field

JERUSALEM (AP) — Pope Paul VI opened his historic pilgrimage in the Holy Land today with an expression of hope for all men to "attain to universal peace in true brotherhood."

The 66-year-old ruler of the Roman Catholic church told Moslem King Hussein of Jordan the three-day visit is "a spiritual one, a humble pilgrimage to the sacred places made holy by the birth, the life, the passion and ascension."

In Bethlehem Monday

"At each of these venerable shrines," the Pope said, "we shall pray for that peace which Jesus left to His disciples, that peace which the world cannot give, but which comes from the fulfillment of His commandment: To love one another as He loved us."

Shrines on the Pope's itinerary today included Christ's Way of the Cross through the Old City of Jerusalem, the Church of the Holy Sepulcher and the Garden of Gethsemane. Sunday he visits holy places in Israel, across the no man's land dividing Palestine. He goes to Bethlehem Monday before returning to Rome.

The spiritual leader of the world's 550 million Roman Catholics was garbed in simple vestments of white as he alighted from an American-built airliner to the cheers of thousands waiting in Jordan's capital of Amman.

Salute Welcomes Pope

A driving northeast wind and a low ceiling over the airport made the landing uncertain until the last moment. But clearance was given, and the big DC8 jet set down at the airport at 1:15 p. m. (6:15 a. m., EST) after a flight of 3 hours and 20 minutes from Rome. The temperature was 44 degrees.

A 21 - gun salute boomed across the field, welcoming the Pope as head of the Vatican City state and 15 white pigeons were sent aloft.

"This visit is an occasion we will always remember and treasure," Hussein told the Pope.

Barry Determined to Go All Out For '64 Regardless of Primaries

PHOENIX, Ariz. (AP) — Conservative Sen. Barry Goldwater of Arizona, seeking the Republican presidential nomination to offer the nation "a clear choice" of philosophies, is determined to go all the way in his bid for the White House.

Win or lose in the presidential primaries he enters, Goldwater will stick with his race for the nomination until the Republican national convention chooses its candidate next July.

Word of the senator's determination came today from Denison Kitchel, newly named general director of the Goldwater campaign.

Nevertheless, Goldwater announced also for re-election to the Senate seat he has held for 12 years.

"I find no incompatibility in these two candidacies," he said. The filing deadline for the Arizona senatorial primary is July 10, three days before the GOP convention opens in San Francisco.

Goldwater, who had insisted he would not run for both the Senate and the White House, would not say whether he will withdraw from the Senate race

if he wins the presidential nomination.

"I will cross that bridge when I come to it," he said.

Four years ago, Goldwater called President Johnson a political trickster when the Texan ran for both the vice presidency and the Senate.

Kitchel said both he and Goldwater are confident the senator can win the nomination.

"I think we'll probably have it wrapped up by early spring," he said in an interview.

Goldwater and his wife plan to return to Washington today to launch the campaign he announced Friday when he hobbled on crutches to the patio of his hilltop home.

"I will seek the Republican presidential nomination . . . because of the principles in which I believe and because I am convinced that millions of Ameri-

cans share my belief in those principles," he declared.

"I have decided to do this also because I have not heard from any announced Republican candidate a declaration of conscience or of political position that could possibly offer to the American people a clear voice in the next presidential election."

Goldwater's first business as a candidate: removal of a heavy cast from his right foot. He had a calcium deposit removed from his heel four days before Christmas and is still on crutches.

When the cast is swapped for a lighter version, Goldwater is expected to discard the crutches. That will give him more of the mobility a candidate needs, and he plans to use it for:

The POWER of FAITH

By WOODI ISHMAEL

Arriving in Japan from her native New Hampshire in 1909 with three gingham dresses and a knife, fork and spoon, Mabel Francis set out to build a mission for the Christian and Missionary Alliance. She had great faith but no knowledge even of the Japanese language.

During World War II, her faith decreed that she stay at her post, although she knew that it would mean imprisonment. Both she and her sister, who had joined her, served as best they could in prison, caring for the ill and instilling hope. Food became scarce and conditions became worse, but they never regretted their decision. At the war's end, they were able to continue their much needed work as soon as they were released.

For her long years of service, Miss Francis received from the Japanese Government in 1962, the highest award made to civilians in that country. At 83, still working at her missionary post in Hiroshima with no thought of retiring, Miss Francis says, "I haven't finished all my work yet."

The POWER of FAITH

By WOODI ISHMAEL

Arriving in Japan from her native New Hampshire in 1909 with three gingham dresses and a knife, fork and spoon, Mabel Francis set out to build a mission for the Christian and Missionary Alliance. She had great faith but no knowledge even of the Japanese language.

During World War II, her faith decreed that she stay at her post, although she knew that it would mean imprisonment. Both she and her sister, who had joined her, served as best they could in prison, caring for the ill and instilling hope. Food became scarce and conditions became worse, but they never regretted their decision. At the war's end, they were able to continue their much needed work as soon as they were released.

For her long years of service, Miss Francis received from the Japanese Government in 1962, the highest award made to civilians in that country. At 83, still working at her missionary post in Hiroshima with no thought of retiring, Miss Francis says, "I haven't finished all my work yet."

Coffee House Discussions Seek Christian Answers

By DALE NELSON

SEATTLE, Wash. (AP)—"Where," asked the young doctor, "can I ask an honest question about Christianity in this church?"

The question started the Rev. William H. Creevey thinking. Where indeed?

The answer the young Presbyterian minister and some of his flock came up with is a far cry from the traditional church ice cream social.

It's Le Rapport, a candle-lit coffee house featuring discussions ranging from political philosophy to the latest sexy Italian movie.

The Rev. Mr. Creevey, 32, and other young adults of Woodland Park Presbyterian Church first started holding weekly discussion meetings at their homes.

One night last June, Bill Creevey, as he is known, brought up the church-related bistro idea. His plan at first was to establish a center primarily for discussion of current motion pictures.

"Our feeling was that the questions raised by contemporary films and other art forms are the questions the church is concerned with," he recalls.

The next day, the Rev. Mr. Creevey learned that the coffee house next door to the Ridgmont theater was for rent. The Ridgmont, eight blocks from the church, specializes in foreign films. The coffee house had been operated as a cabaret and dance hall.

Bill Creevey and his friends got approval from the governing board of the church and, on Sept. 17, the coffee house reopened with discussion taking the place of dancing.

Le Rapport is designed to be non-profit, and has been. In the

Methodists Have Special Service

The John Wesleyan-Covenant Service will be used at Clinton Avenue Methodist Church Sunday at 11 a. m. worship.

The Rev. Reginald T. Edwards, pastor, and the congregation will participate. On Dec. 26, 1747, John Wesley urged Methodists to renew their covenant with God. At the service Sunday, the Rev. Mr. Edwards will ask to congregation to join with him in renewing that covenant.

The first of a series of three special programs will be held on consecutive Sunday evenings starting this week at 5:30 p. m. A covered dish supper will be held following by program based on Facing the New Age and will be supplemented by the use of audio-visual aids on The Factors That Confronts Us.

Morning Meditations

Morning meditations are conducted by the Hudson Valley Evangelical Ministerial Association each Tuesday, Thursday, and Saturday over Radio Station WGHQ, at 6:25 a. m. The speaker for next week will be the Rev. Ernest Estes, pastor of the Phoenix Baptist Church.

Values in Life

by REV. B. P. GERRITY

The basic unit of society has traditionally been the family. The individual is important but the family unit is the womb of personality development. When one emerges from that social womb, the home, he is expected to be a reasonably mature adult capable of exercising his rights and accepting his responsibilities as a child of God and member of the community.

Did you ever stop to think how much time is really spent in a serious evaluation of their personalities by an engaged couple? Matrimony is a sacred contract freely entered upon by a man and woman binding them for life as husband and wife. It is basically sacred for it unites two people on a new walk in life according to the plan of God expressed in Genesis and sanctified by Christ at Cana. This sacredness alone would make one stop to evaluate motivation. Add to this the fact that the contract is between two personalities of varying backgrounds and one must pause to make a prudent judgment. In a way, every marriage contains a certain risk but too many marriages are entered recklessly.

Marriage involves the giving of self totally to the other. But if one doesn't really understand self, how can this gift have meaning? This is the challenge of maturity—the ability to not only know self but to control self. In speaking of marriage, people too often emphasize age and not maturity.

To sum up, the individual depends for personality development on the home, especially upon father and mother. In proportion to their ability to adjust to self as well as to one another, will depend the likelihood of a mature citizen emerging from their social womb, the home.

The following men were ordained and installed to the office of elder and to the office of deacon at the Reformed Church of the Comforter last Sunday: Howard DeWitt, Frank Elmendorf, Donald Wood, elders; William Radcliffe, Anthony Colao, Joseph Hanss, deacons. These men were elected to their respective offices early in December and will attend their first consistory meeting early in January.

A college night was also held at the local church last Sunday evening. A panel, composed of the following college students, home for the holidays, answered questions put to them by the members of the Comforter Youth Fellowship; Thomas DeWitt, Union College; Jeffrey Williams, Westminster; Linda Rhymmer, Hartwick; Sheila Sleight, Ithaca; Scott Kennedy, Delhi; Guy Bush, Rochester; Marty Thomas, Brown; Dolores Vollmer, a Kingston Professional School; and William Petz, Hope College.

Friday, Jan. 17, the Comforter Brotherhood will sponsor its annual father and son banquet. One of the highlights of the evening will be Fred VanDeusen and his acts of magic.

Sunday, Jan. 26, Youth Sunday will be observed at the Church of the Comforter and the CYF will conduct the Sunday morning services.

The public may attend these services.

Christmas Seal Funds in Ulster Below '63 Total

Dr. Frederic W. Holcomb, Sr., president of the Ulster County TB and Health Association, has released locally the contents of President Lyndon B. Johnson's special Christmas Seal telegram. The message was sent to Peter W. Janss, president of the National Tuberculosis Association, and thence to Dr. Holcomb and other presidents of the local TB Associations in New York State.

"Until that hoped for day when tuberculosis is no more," President Johnson said, "the war against this disease must go on, without slackening, without faltering. The Annual Christmas Seal Campaign—offers an opportunity for all of us to contribute to the winning of the fight against TB."

"The purchase and use of these Seals," the president noted, "is an expression of the spirit of Christmas in its finest form. I urge all Americans to join in the great and worthy effort."

The Ulster County TB and Health Association's 1963 Christmas Seal Campaign also has received the endorsement of the State level by Governor Rockefeller's proclamation; and also locally when Jesse McHugh, chairman of the County Board of Supervisors, established December as Christmas Seal Month in Ulster County.

"The Ulster County Christmas Seals Campaign has received the warm and generous support of many of our Ulster County people." This was reported by Fred H. DuBois and John M. Robbins, campaign co-chairmen, who reported that Christmas Seals returns have totaled \$29,530.

"We have not yet reached last year's comparative level," they pointed out, "because the return of letters this year has been slower. The usual response has been affected by the death of the president and the Thanksgiving holiday directly after."

Dr. Holcomb pointed out that the association's health program in case-finding, education, service, referral and consultation, and research for the next fiscal year will cost over \$36,000. The

total operation of the association program relies solely on Christmas Seals donations. "Millions of lives have been rescued from TB since the Tuberculosis Association began their Christmas Seal work over a half-century ago," Dr. Holcomb noted. "The added fight against the other respiratory diseases, is another evidence of our association's alert and timely approach to a growing health hazard. I would point out that chronic respiratory disease was the leading cause of disability recognized by Social Security authorities during a recent twelve-month period. Research into causes and treatment of respiratory disease

and toward the elimination of TB is an increased scientific activity in our country. Here in our county, our association directs the TB-RD fight, and the research programs on the state and national level. All of this is based solely on the support each of us gives our Ulster Association through their Christmas Seal gift."

"We urge all of our Ulster County people who have not yet replied to our Christmas Seal letter to do so by January 15." Dr. Holcomb concluded. "A vital health problem requires vital dynamic support. This we have had for years from aware Ulster County citizens. Progress will be

'Bama Troopers Told To Bar U.S. Agents From Auburn Campus

AUBURN, Ala. (AP)—A hundred state troopers took up positions today around Auburn University under strict orders to bar federal agents from the campus when the school's first Negro student registers.

"If any federal agent tries to force his way past you, use force if necessary to stop him," Col. Albert Lingo, state public safety director, told his helmeted troopers Friday.

There as Observers

A Justice Department spokesman in Washington said there were no plans for any federal officers to enter the campus or escort the Negro, Harold A. Franklin, who will be admitted under a federal court order.

The spokesman said some federal agents were in Auburn as observers only.

Lingo said that Franklin would be allowed to register after university officials announced they would comply with court orders. While Lingo's action raised

the possibility of a new federal-state confrontation, the federal reaction apparently erased the threat of a showdown similar to Gov. George C. Wallace's use of troopers last fall to temporarily block Negroes from the University of Alabama at Tuscaloosa and some public schools.

Cameras Are Banned

Lingo said some federal officers had obtained university press cards. But he said newsmen would not be allowed on the campus without additional credentials. Cameras were banned from the campus.

Tight security was imposed on the university to keep unauthorized persons from the campus.

In explaining his order, Lingo said: "That Negro is not going to be shown any partiality. He's going to be treated like any other student."

Lingo said his troopers were here to preserve the peace and prevent any of the 10,000 students from getting hurt.

measured accordingly. And we all look forward to the continuation of a strong, progressive health program in 1964."

A SPORTING DINNER

One man and wife, neither of whom has more than an academic interest in sports, declare that they never again will have the Fisbys in for dinner on New Year's Day. It definitely gave 1964 a wrong start. Hardly had Fisby and his wife gotten inside the door than they wanted to know how the games were going.

"What games?" asked the host.

"Why, the bowl games. Right now they're playing at Dallas, Miami and New Orleans."

"Who are playing what?"

Fisby was incredulous. "Why, the Cotton Bowl, Sugar Bowl and Orange Bowl games. Football, man! And in less than three hours Illinois and Washington will be playing at Pasadena. Where's the TV?"

The set was in the recreation room below. Dinner, a bare 15 minutes from being ready, would be on the first level. The hostess, who enjoyed uninterrupted meals, was not about to serve in the basement.

Dinner, consequently, was a fiasco, with the Fisbys shuttling between the table upstairs and the TV downstairs. The hostess, being a lady, did not forever bar the Fisbys from her house. But we'll be surprised if she has them in for dinner on New Year's Day in 1965.

NEW DRIVING MENACE

Memorandum to any driver who feels that stop lights, that crazy other fellow and various other familiar sources of irritation are not enough to worry about: In Britain, researchers have found something else to cause concern. They consider it responsible for a lot of hitherto unexplained accidents.

The British auto safety experts call this phenomenon aquaplaning. They describe it as the sudden loss of grip on a wet road—by the front tires. They have motion pictures to show that sometimes when the rear wheels are still turning on a wet surface the front wheels have lost motion. Result: Aquaplaning.

U. S. research on tire traction and skidding has been focused largely on the rear wheels. Now it appears that the front wheels need more attention. And it also appears that drivers had better be even more cautious when they hit wet roads.

PROD TO EDUCATION

One often hears the complaint that everything is done in too much of a hurry these days. There is general suspicion that a lot of the alleged urgency is really just a gimmick to push Congress into doing right away some things that might just as well be done at a more leisurely pace.

This may be true of some problems. It is not true of efforts to improve and broaden our educational system so that it will be more responsive to the needs of a growing population in a more and more complex world. It would be hard to exaggerate the need for urgency in this field. Anyone who doubts this has only to examine the national figures on teacher and classroom shortages in the public schools and on the swift rise in college enrollment.

It is good to know, therefore, that U. S. Education Commissioner Keppel will soon hold a series of regional conferences to get the newly passed education laws into effect quickly. The quicker the better. For though our educational system is unquestionably a good one, the times demand that it be much better.

LOFTY MOONLIGHTING

Senator Morse of Oregon has made a public disclosure of his property and income, and urged his colleagues to do the same. He supports legislation that would require all members of Congress and other high government officials to make such a disclosure annually.

The chances for passage of this measure are rather poor. It is worth noting, however, that in revealing his own income Senator Morse called attention to an interesting facet of life in Congress. This is the relative ease with which a member of that body can augment his income, often rather substantially.

THE WORDS THAT WERE LEFT UNSAID

Chancellor Ludwig Erhard of West Germany must have taken great satisfaction from his diplomatic visit with President Johnson in Texas. He got what he wanted, which was an assurance that the United States would not pursue a policy of seeking a "detente" with the Soviets without letting West Germany in on the secrets.

But with all the personal satisfaction over a fruitful two days at the Lyndon Johnson ranch, Dr. Erhard must have returned home with a feeling that Americans are most difficult to understand.

As an economist, Dr. Erhard belongs to the "free social market" school, which is first cousin to classical free market theory. His professional associates in post-World War II Europe are members of the Mont Pelerin Society, an economic organization which is devoted to the idea that the less "planned" an economy is, the more efficiently it will function and the more people it will feed.

The Texas to which Dr. Erhard journeyed for his talk with President Johnson is a living monument to the ideas which Erhard long ago espoused. If he had any time to notice the ship canals and the chemical plants and the oil wells and the tall buildings of the new Texas, it must have crossed his mind that there is a connection between the prosperity of Lyndon Johnson's native State and the fact that, through the famous oil depletion allowance, Texans have been able, quite legally, to beat the tax rap which less fortunate Americans have to accept elsewhere. Texas oil money plowed back into Texas industry has proved the case for capitalism almost as effectively as the Erhard free enterprise policies have proved the same case in post-war Germany.

If Dr. Erhard had any time at all during his Texas sojourn for ironical reflection, it must have seemed curious to him that he was exchanging views with an American President who takes inordinate pride in Texas prosperity, yet who takes economic advice from Professor Walter W. Heller, formerly of the University of Minnesota. Dr. Erhard has reason to know about the Heller brand of economics. Back in 1951 Heller, along with Professor Alvin Hansen of Harvard, advised the new West German government to institute a system of easy money, perpetual inflation, and a rigidly controlled capital market, with the State maintaining a "compulsory investment" program and paying for it by assessing big industry for the needed funds. Dr. Erhard turned the Heller-Hansen report down flat. Using a program of balanced budgets, high interest rates, and incentives for free individual investment, Dr. Erhard produced the West German "economic miracle" that the Heller-Hansen team said couldn't happen.

If Dr. Erhard talked any general economic philosophy with Lyndon Johnson, it did not come out in the dispatches from Texas. But it surely must have crossed his mind that he was dealing with a most complicated politician who can be both for Texas and for Heller-type economic policy at one and the same time.

Every fiber of Lyndon Johnson's expansive Texas being must respond to the "economic miracle" which the Erhard regimen has created in Germany. Yet the economic policy of the Johnson Administration, as it is expressed in the proposition that taxes can safely be cut while federal spending is increased, is the handiwork of the same Dr. Heller whose advice was rejected by Dr. Erhard a decade and more ago. It must indeed have run through Dr. Erhard's mind that Americans are strange animals. Their country was forged in all its greatness by following the policy that Dr. Erhard recommended—and enforced—in Germany back in 1951. Yet, with Heller-type advice being taken in high governmental places, the relevance of the "German miracle" is not admitted in Washington, D. C.

Our domestic policy is, of course, none of Dr. Erhard's business, and the new German Chancellor would be the first to say so. But if, in the course of entertaining the creator of the "German miracle" at his ranch, President Johnson let it flicker across his mind that there is still an astonishing measure of health in the idea of balanced budgets, free investment incentives, and limited federal spending, the Erhard trip might result in an unintended double dividend. The words that were not spoken at the LBJ ranch could be just as important as the words that were uttered right out loud.

Every Family Should Know Emergency Health Care

By WAYNE G. BRANDSTADT, M.D.
Newspaper Enterprise Assn.

Although many people associate emergency health care with civil defense and atomic warfare, it is also designed to help persons through any kind of emergency such as earthquake, hurricane and flood.

I urge that every family procure the new revised "Family Guide Emergency Health Care" booklet put out jointly by the U. S. Department of Defense and Department of Health, Education and Welfare (U. S. Government Printing Office Publication 1963 O-665199).

In some communities, it is provided for all those who enroll in civil defense first aid courses. It covers all phases of emergency self-help in clear, simple language.

Q—Is it harmful to use a copper kettle to boil pickles?

A—Although modern pickle factories now use stainless steel containers, copper containers are perfectly safe. The very small amount of copper that goes into solution is not poisonous, but rather is beneficial. Copper is one of the trace elements essential to health.

Q—Why do some brands of vitamin contain calcium pantothenate and dicalcium phosphate anhydride?

A—Calcium pantothenate is the calcium salt of pantothenic acid. This acid is part of the vitamin B complex. Like vitamin E, it has been shown to be necessary for some lower animals but has no known function in man. The calcium is added as a source of this element for persons who have a calcium deficiency.

Q—My doctor has me taking Ambar tablets. What are they for and are they habit-forming?

A—Ambar is a combination of drugs used to treat some types of palsy, an abnormal tendency to sleep (narcolepsy) and alcoholism. Because it lessens hunger it is also widely used to help weight reduction. It contains another drug used in the short-term treatment of obesity.

Q—My doctor says I have had a sinus attack of cordia. Is it serious and what precautions should be taken after such an attack?

A—What your doctor said was that you had sinus tachycardia. This is an extremely fast pulse rate arising supposedly from a stimulation of the carotid sinus. It may be caused by fever, hyperthyroidism (toxic goiter), shock and extreme anxiety. The severity of the condition and its treatment depend on the cause.

Please send your questions and comments to Dr. Wayne G. Brandstadt, M.D., in care of The Kingston Daily Freeman. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

as a senator, Morse received more than \$10,000 as "honorariums from lectures." Another \$5,000 came from service as chairman of an employees' benefit fund. Some members of Congress do considerably better than that. All of which raises the question: How much outside work can a member of Congress do for pay, and still tend to his share of the public business?

Just Because It's There

Washington News

BY PETER EDSON
Washington Correspondent
Newspaper Enterprise Assn.

WASHINGTON — (NEA) — Unfinished business of the 1963 session of Congress is far greater than what it accomplished, in spite of the long run and the late finish.

If President Johnson's State of the Union message lists nothing more than what remains undone, the 1964 Congress will have all that a short, election-year session can handle.

IT ISN'T JUST THE NEW YEAR hangover headaches of civil rights and tax cut that will take up the time, either. Another troublemaker that could develop a massive snarl is medical care for the aged under Social Security, on which only preliminary House Ways and Means Committee hearings have been held.

Then there are the \$750 million bill for matching grants to the states to develop mass transit plans, and the Youth Conservation and National Service Corps bills. They have passed the Senate, but are tied up in House committees.

Three conservation measures of importance are the 6.8 million acre wilderness preservation bill, river basin planning and a bill to finance development of land and water resources for state and federal recreation facilities. While Congress did pass major acts for college construction, vocational education and medical schools, federal aid for elementary and secondary schools and teacher training still have to be considered in the new year.

IF THE RAILROADS and their train operating unions fail to settle their differences by Feb. 25, under the compulsory arbitration award procedure set up

by Congress, another law may have to be passed to prevent a strike.

Hearings have been completed on general transportation reorganization, but both Senate and House must act.

President Johnson's major battle with the second session of the 88th Congress will be over the budget. If it takes Congress as long to approve appropriation bills in '64 as it did in '63, there will have to be an extra session after the Republican and Democratic nominating conventions.

One of the worst problems in next year's budget will be appropriating money for new programs approved in 1963 on college aid, mental retardation, vocational education, increased military pay. This is what may run the total up to, if not over, the \$100 billion mark.

IT'S THE BILLS THAT ONE BRANCH of Congress has approved, but not the other, which cause most confusion.

The Senate has approved a \$455 million extension of the Area Redevelopment program. The House killed it, however, and may have to reconsider its decision as was done on the one-year Mexican migrant labor legislation extension.

It is hard enough, getting these things through Congress once, without having to go through the process a second time.

Passed by the House but awaiting Senate action are: A cotton bill to subsidize U. S. textile mills. Fallout shelter construction. Stricter requirements on hiring and firing government employees in sensitive national security jobs.

Still other Kennedy programs on which there has been little or no action include: District of Columbia home rule. The food stamp plan, Extension of Hill-Burton hospital construction act. Immigration amendments. Mak-

meetings were on schedule.

Jan. 4, 1954—A 1953 parking meter total here of \$40,800 was \$2,080 above that in 1952.

Police dragged the Hudson in a search for Mrs. Harold Keaton, 43, wealthy matron, who had disappeared from her Pearl River home New Years Eve.

Lower egg prices were expected during the year.

John E. Sloan, of Shawangunk, was named foreman of the January grand jury.

ing permanent the temporary extended unemployment benefits.

WHAT ALL THIS POINTS UP AGAIN is that there should be further consideration of the Senate's Clark-Case resolution to set up a commission for the study of congressional reorganization. But even without this there are several separate, specific reform plans worthy of consideration. Passed by the House but awaiting Senate action are:

• A bill for stricter regulation of Congressional travel abroad and expense account reporting.

• A ban on "back door spending" to end the financing of government agency programs by borrowing from the Treasury.

Passed by the Senate but awaiting House action is a meritorious proposal to set up a Joint Congressional Committee on Federal Budget. It would eliminate duplicate hearings on money bills and save much time for everyone in government.

The record of the next session of Congress will determine in large measure what action can be taken on the plans to raise the salaries of congressmen, judges and top officials.

This year's precedent should apply: No good work, no raise.

Although many people associate emergency health care with civil defense and atomic warfare, it is also designed to help persons through any kind of emergency such as earthquake, hurricane and flood.

I urge that every family procure the new revised "Family Guide to Emergency Health Care" booklet put out jointly by the U. S. Department of Defense and Department of Health, Education and Welfare (U. S. Government Printing Office Publication 1963 0-865199).

In some communities, it is provided for all those who enroll in civil defense first aid courses. It covers all phases of emergency self-help in clear, simple language.

Q—Is it harmful to use a copper kettle to boil pickles?

A—Although modern pickle factories now use stainless steel containers, copper containers are perfectly safe. The very small amount of copper that goes into solution is not poisonous, but rather is beneficial. Copper is one of the trace elements essential to health.

Q—Why do some brands of vitamin contain calcium pantothenate and dicalcium phosphate anhydride?

A—Calcium pantothenate is the calcium salt of pantoic acid. This acid is part of the vitamin B complex. Like vitamin E, it has been shown to be necessary for some lower animals but has no known function in man. The calcium is added as a source of this element for persons who have a calcium deficiency.

Q—My doctor has me taking Ambar tablets. What are they for and are they habit-forming?

A—Ambar is a combination of drugs used to treat some types of palsy, an abnormal tendency to sleep (narcolepsy) and alcoholism. Because it lessens hunger it is also widely used to help weight reduction. It contains another drug used in the short-term treatment of obesity.

Q—My doctor says I have had a sinus attack of cordia. Is it serious and what precautions should be taken after such an attack?

A—What your doctor said was that you had sinus tachycardia. This is an extremely fast pulse rate arising supposedly from a stimulation of the carotid sinus. It may be caused by fever, hyperthyroidism, toxic goiter, shock and extreme anxiety. The severity of the condition and its treatment depend on the cause.

as a senator, Morse received more than \$10,000 as "honorariums from lectures." Another \$5,000 came from service as chairman of an employees' benefit fund. Some members of Congress do considerably better than that. All of which raises the question: How much outside work can a member of Congress do for pay, and still tend to his share of the public business?

Just Because It's There

Washington News

BY PETER EDSON

Washington Correspondent
Newspaper Enterprise Assn.

WASHINGTON — (NEA) — Unfinished business of the 1963 session of Congress is far greater than what it accomplished, in spite of the long run and the late finish.

If President Johnson's State of the Union message lists nothing more than what remains undone, the 1964 Congress will have all that a short, election-year session can handle.

IT ISN'T JUST THE NEW YEAR hangover headaches of civil rights and tax cut that will take up the time, either. Another troublemaker that could develop a massive snarl is medical care for the aged under Social Security, on which only preliminary House Ways and Means Committee hearings have been held.

Then there are the \$750 million bill for matching grants to the states to develop mass transit plans, and the Youth Conservation and National Service Corps bills. They have passed the Senate, but are tied up in House committees.

Three conservation measures of importance are the 6.8 million acre wilderness preservation bill, river basin planning and a bill to finance development of land and water resources for state and federal recreation facilities. While Congress did pass major acts for college construction, vocational education and medical schools, federal aid for elementary and secondary schools and teacher training still have to be considered in the new year.

IF THE RAILROADS and their train operating unions fail to settle their differences by Feb. 25, under the compulsory arbitration award procedure set up

by Congress, another law may have to be passed to prevent a strike.

Hearings have been completed on general transportation reorganization, but both Senate and House must act.

President Johnson's major battle with the second session of the 88th Congress will be over the budget. If it takes Congress as long to approve appropriation bills in '64 as it did in '63, there will have to be an extra session after the Republican and Democratic nominating conventions.

One of the worst problems in next year's budget will be appropriating money for new programs approved in 1963 on college aid, mental retardation, vocational education, increased military pay. This is what may run the total up to, if not over, the \$100 billion mark.

IT'S THE BILLS THAT ONE BRANCH of Congress has approved, but not the other, which cause most confusion.

The Senate has approved a \$455 million extension of the Area Redevelopment program. The House killed it, however, and may have to reconsider its decision as was done on the one-year Mexican migrant labor legislation extension.

It is hard enough, getting these things through Congress once, without having to go through the process a second time.

Passed by the House but awaiting Senate action are: A cotton bill to subsidize U. S. textile mills. Fallout shelter construction. Stricter requirements on hiring and firing government employees in sensitive national security jobs.

Still other Kennedy programs on which there has been little or no action include: District of Columbia home rule. The food stamp plan. Extension of Hill-Burton hospital construction act. Immigration amendments. Mak-

ing permanent the temporary extended unemployment benefits.

WHAT ALL THIS POINTS UP AGAIN is that there should be further consideration of the Senate's Clark-Case resolution to set up a commission for the study of congressional reorganization. But even without this there are several separate, specific reform plans worthy of consideration. Passed by the House but awaiting Senate action are:

• A bill for stricter regulation of Congressional travel abroad and expense account reporting.

• A ban on "back door spending" to end the financing of government agency programs by borrowing from the Treasury.

Passed by the Senate but awaiting House action is a meritorious proposal to set up a Joint Congressional Committee on Federal Budget. It would eliminate duplicate hearings on money bills and save much time for everyone in government.

The record of the next session of Congress will determine in large measure what action can be taken on the plans to raise the salaries of congressmen, judges and top officials.

This year's precedent should apply: No good work, no raise.

World News In Brief

Buddhists Check Reports

SAIGON, Viet Nam (AP) — Buddhist leaders began an investigation today of reports that Catholic district officials killed two Buddhists and injured eight others in a remote coastal town 80 miles east of Saigon.

Reluctant on Troops

LONDON (AP)—Britain has asked Australia and New Zealand to send troops to Malaysia's Borneo states, but the two Commonwealth partners are reportedly reluctant to meet the British request.

Britain fears an outbreak of war between Malaysia and Indonesia, which share the island of Borneo. There have been numerous incidents along the Malaysia-Indonesia frontier in North Borneo since the British-protected Federation of Malaysia gained nationhood last September.

Threatened Duel Off

BUENOS AIRES (AP)—The threatened duel between Argentina's Defense Minister Leopoldo Suarez and ousted Air Force Minister Martin Rafael Cairo is off.

A three-man tribunal of honor decided Friday night there were no grounds for the encounter. Both men had agreed to accept the tribunal's finding.

60 Escape Fiery Death

TOKYO (AP)—A loaded runaway gasoline tank car slammed into a stationary five-coach passenger train and burst into flames at Tachikawa railway station, near the big U. S. air base west of Tokyo, today but only two persons suffered burns and bruises.

About 60 others aboard the train escaped serious injury or fiery death because railway officials swiftly cleared the cars moments before the crash.

Example to Students

AMSTERDAM, The Netherlands (AP)—Dutch school teachers are being asked to quit smoking in their schools as an example to their students.

The annual Congress of the Dutch Teachers Federation voted 348-12, with 5 abstentions, for a resolution making the request of all the nation's teachers.

Taking the Makings

DELAND, Fla. (AP)—A burglar got all the makings of a real whinding in a break-in here. Missing from the burglarized restaurant were 18 bottles of wine, lots of beer, a case of soft drinks, \$3 in cash, two cases of potato chips and more than 20 jukebox records.

Do You Remember by Sophie Miller

The items and mail which arrives for this column is always interesting, often unique, and I can see my readers, will never let me run out of material. One letter is I think post-marked Newburgh. I think it is from Billy Duffy, according to the items he wrote on the margin of an item cut from the N. Y. World Telegram and Sun of Wednesday, Nov. 27, 1963, which covers the passing of opera star, Galli-Curci. He writes he recalled seeing her at Fleischmanns on the street around 1923. He writes that she lived at High Mount then with her late husband, Homer Samuels. It is interesting to note in the newspaper clipping, that Galli-Curci began her musical training as a pianist at the age of five. Her second husband, Homer Samuels, was her longtime piano accompanist. No doubt, folks from

the Fleischmanns section remember her well.
I see a letter on my desk from Snyder, Texas, 3742 Dalton Drive, dated Dec. 2, 1963. It was received at the Ulster County, N. Y. Sheriff's Department, who answered it, and then sent it to me, thinking my readers may be interested. It reads as follows: "Not knowing the size of Kingston, I am addressing this to the newspaper or the sheriff's department. Will you please tell the people of your city I have an Ulster County Gazette newspaper published at Kingston, (Ulster Co.) by Samuel F. Freer and Son. Saturday, January 4, 1900. Part of the events happened in the latter part of 1799. The leading news in this paper was the death of George Washington. John Adams had just taken office, war was raging in Europe, and Congress had just settled the whiskey revolt."

The letter from Mrs. E. C. Rutledge Jr., of Snyder, Texas, further reads: "I thought you might be interested in a few of the names which appear in the ads and different items. These are just a few of the many: Peter Ten Broeck, Sheriff Stephen Haughton, Benjamin Demyer, John Trempier, Gerit Van Keuren, Administrator Joseph Gasherie (Surrogate of the County of Ulster), Alexander Crawford, Luther Andres and Co."

Mrs. Rutledge, further took the trouble to run off the following for sale ads by: Abraham I. Hasbrouck, Mercantile & Boating, also Dry Goods, John Schoonmaker Jr., Rochester, has one half saw mill for sale. . . . Abraham I. Hasbrouck and Henry Jansen have dissolved partnership. Matys V. S. . . . forbids anyone from harboring or trusting his wife, Hannah, on his account. Thomas Wood has a farm for sale. November 22, 1799.

This wonderful Ulster County Gazette of Jan. 4, 1800, which has been copied so many times and appears all over the country and seems to be of such constant interest, that one must respond to the enthusiasm of its finders. She mentions: "John Weist offers a two dollar reward for a gun stolen from the store of Abraham I. Hasbrouck . . . James Hasbrouck has a neat, elegant well-finished sleigh for sale. . . . She further adds that her newspaper is in good condition, considering its age, and very unique in the wording style as we know it today. She is very interested in old historical items and wants the citizens of Kingston to know that she will preserve this copy to the best of her ability, and if any of the descendants are still living here, she would be happy to hear from them. I can imagine how she would enjoy seeing the few remaining old stone houses from the 1600's and 1700's still standing, and many of our historical papers and other items which the progressive destroyers have not caught up with, yet.

WHEN FIANCE COMES TO CALL

Q: I would like your opinion on the following matter: When my fiance comes to the house, I usher him into the living room where we sit and talk. Very often when he arrives my parents are in another part of the house. They think that we should go and seek them to say hello before sitting down with me, and they have criticized him for not doing so. I think it is their place, as residents of the house, to come into the living room and greet him. We are having quite a to-do over this and would like you to settle it.

A: If your fiance came as a guest, it would be your parents' place to come in to greet him, but as he is almost a member of the family and comes to your house often, he should go and say good evening to them.

Meeting Parents of Son's Fiancee

Q: My son was engaged a little over a month ago. My husband and I are to meet his future parents-in-law for the first time next week. We have been invited to dinner at their house. I would like to know if I should take a gift. Please advise me as to the correct thing to do.

A: Correctly, you should have called on your son's fiancee's family as soon as possible after the engagement was announced without waiting to be invited by them. At any rate, you do not take a present to your son's fiancee's mother but if you have not already given his fiancee an engagement present, it would be nice to take a gift to her as a gesture of welcome into your family.

Dress of Wedding Guest
Q: My husband's cousin is going to be married next month and I would like to know if it would be proper for me to wear a long dinner skirt with a sequin blouse to the wedding which is taking place at 11 o'clock with a large reception following at a hotel.

A: I'm sorry, but the dress you describe would not be proper at a morning wedding.

The clothes of the bride and groom as well as those of their attendants are described in the new Emily Post Institute booklet entitled, "Clothes of the Bride Party." At any rate, you do not take a present to your son's fiancee's mother but if you have not already given his fiancee an engagement present, it would be nice to take a gift to her as a gesture of welcome into your family.

Dress of Wedding Guest

Q: My husband's cousin is going to be married next month and I would like to know if it would be proper for me to wear a long dinner skirt with a sequin blouse to the wedding which is taking place at 11 o'clock with a large reception following at a hotel.

A: I'm sorry, but the dress you describe would not be proper at a morning wedding. The clothes of the bride and groom as well as those of their attendants are described in the new Emily Post Institute book entitled, "Clothes of the Bridal Party." Man Is Suffocated By Chunk of Ice

ERIE, Pa. (AP)—An elderly Erie man suffocated Friday under a big chunk of ice that came crashing down on him from the ice of an apartment building.

Joe Madia, 68, who owned the building, suffered several injuries, but County Coroner Merle Wood said cause of death was suffocation.

Authorities said Madia was trying to knock ice off a downspout when the spout and the ice, estimated at 500 pounds, fell on him.

Coroner Wood said Madia apparently remained under the ice about four hours before someone spotted the body.

Ike Plans \$7.5 Million Fund for Freedom Center

PALM SPRINGS, Calif. (AP)—Former President Dwight D. Eisenhower is planning a national fund raising campaign for an American freedom center at Valley Forge, Pa.

The center, goal of the \$7.5 million campaign, would be used for research, study and training of citizens in the American form of constitutional government, Eisenhower disclosed Friday.

The announcement came after a meeting of 25 directors of the Freedoms Foundation, of which the general is board chairman.

Fisher Will Start Divorce Action Soon

PUERTO VALLARTA, Mexico (AP)—The Mexican judge who granted Sybil Burton her divorce says singer Eddie Fisher is expected to start divorcing Elizabeth Taylor today or Monday, at the latest.

Miss Taylor and Sybil's ex-husband, actor Richard Burton, remained secluded at their villa overlooking Puerto Vallarta and could not be reached for comment. Lawyers here for conferences with the pair declined to comment on Judge Arcadio Estrada Quinones' prediction.

If Estrada's prediction proves accurate, Burton, 40, and the 31-year-old actress could marry by the middle of the month.

Fisher is not expected to come here for the divorce proceedings. Mrs. Burton didn't when she got hers.

Burton and Miss Taylor have been living here since last October, when the Welsh actor arrived to make the film "Night of the Iguana."

Stratton Thinks Bobby 'Natural' As Johnson Mate

SCHENECTADY, N.Y. (AP)—Rep. Samuel S. Stratton, D-Amsterdam, says Atty. Gen. Robert F. Kennedy would be "a terrific candidate" for vice president on a ticket headed by President Johnson.

Stratton said in a radio interview Friday that so far Johnson had been trying to carry on the program and policies of the late President Kennedy.

"I can't see a better way to dramatize that (continuity) and underline it than to select someone particularly close to President Kennedy," Stratton said.

Pilot Film Could Be Innovation on Television Screen

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP)—"Johnny North" has all the aspects of a theatrical movie—name cast, location shooting, sizable schedule.

Option for 29 More

But it's a pilot film for what may be a revolutionary innovation in television programming. Television long has shown movies that have been played out in theaters. The medium has also used half-hour, hour and 90-minute filmed series.

If "Johnny North" is successful, it could be the start of a series of 2-hour films that would be the equivalent of features shown in theaters. NBC has ordered the initial film from Revue Studios with an option for 29 more.

I dropped by the set and found Angie Dickinson and Ronald Reagan opening a wall safe to remove packs of currency, only to be interrupted by Lee Marvin with a gun. After the gunplay I conferred with veteran director Don Siegel, who is also producing "Johnny North."

Cost May Total \$750,000

"This could open a whole new era in television, and I hope it does," said Siegel. "I believe television suffers by being confined in the artificial limitations of a half-hour or hour show."

Siegel figures to shoot 30 days and at least half of the film has been made on location.

"NBC put up half the budget, which was scheduled at \$600,000," said the director. "But I think the final cost will be closer to \$750,000."

How can Revue and NBC recoup? "Johnny North" and its possible successors can be shown in overseas theaters. And they might end up in U.S. theaters after showing on television.

Moppet's Mother Sought

LOS ANGELES (AP)—Police today are seeking the mother of child actress Wendy Diane Wayland on a child stealing complaint that accuses her of taking the 7-year-old girl from her father.

Chief Deputy Dist. Atty. Manley J. Bowler issued the complaint after seeing a letter which he said indicated the mother, Mrs. Barbara Gardner, 30, has the child somewhere in California.

Wendy, a star in the film, "Gigot," disappeared Dec. 17 from a private school in Tarzana, a Los Angeles suburb.

Her father, David Wayland, 33, won her custody in a bitter court battle following his divorce from Mrs. Gardner.

Capitol News In Brief

By THE ASSOCIATED PRESS

WASHINGTON (AP)—In the news from Washington:

CONSTRUCTION: America ns spent a record \$62.8 billion on construction work in 1963, the Census Bureau estimates.

The bureau said Friday the total for the year was 6 per cent above the record \$59 billion of 1962. December expenditures dipped a little more than usual for the season, but at \$5.3 billion were 11 per cent above December 1962.

DRAFT: A draft call for 14,000 men in March has been issued by the Defense Department. All men in the quota announced Friday will be inducted into the Army. The March quota is 2,000 above that for February.

MALYSIA: The United States has warned that no one stands to gain from a policy of recklessness in the Malaysia-Indonesia dispute.

A State Department issued a statement Friday saying "we believe that reason should prevail to prevent such disagreements from being enlarged."

President Johnson sent a note to Indonesia's President Sukarno expressing concern at the growing crisis along the Malaysia-Washington border.

Washington's concern with the situation increased after New Year's Eve clash virtually wiped out a platoon of the Royal Malay Regiment in action against Indonesian-trained guerrillas.

King Hill Has Lead In Golf Tournament

HOLLYWOOD, Fla. AP—King Hill of the Philadelphia Eagles was well on his way today to successfully defend his Professional Football Players' Golf Championship.

Hill fired a two-over-par 72 on the Hollywood Beach Hotel course Friday to post a halftime lead of seven strokes over Jess Whitenton of the Green Bay Packers and Jimmy Brown of the Cleveland Browns, who tied at 79.

Nine strokes off Hill's pace were Zeke Bratkowski of the Packers, who won this title in 1961 and 1962; Bob Taylor of the New York Giants and Ralph Guglielmi of the Eagles.

The tournament drew a record 53 players representing 14 teams.

Fails to Pick Up \$59,333

MINNEAPOLIS, N.Y. (AP)—Stephen Fox didn't pick up his \$59,333 at police headquarters Friday. Too dangerous, he said.

The money is his share of \$89,000 in unclaimed cash he turned up with his bulldozer in Jericho, Long Island, on June 2, 1960. It was in a metal box.

The state Supreme Court awarded him the sum last month. Fox said he'd pick it up with an armored truck. Police armed with shotguns waited at the appointed hour.

Sometime later, Fox's lawyer arrived, minus Fox and armored truck.

"I'm sorry," he said, "but my client has decided against coming because of security reasons."

There is a bank 100 feet across the street from police headquarters.

Sullivan Woman Acquitted by Jury In Mate's Death

MONTICELLO, N.Y. (AP)—A jury has acquitted Mrs. Diane Delameter, 28, of first-degree murder charges in the shooting of her husband as he slept in their home in nearby Livingston Manor.

Her lawyer argued that she was temporarily insane at the time.

The jury deliberated about three hours Friday before acquitting the mother of four. The slaying occurred last Dec. 21.

Driver Summoned After Collision

An Ellenville motorist was injured in a two-car collision about 3:45 p. m. Friday at Roosevelt and Albany Avenues.

Peter C. Reynolds, 24, of 17 Yankee Place, Ellenville, suffered a left arm injury. He and Beverly Ann Reynolds, three months, a passenger in his car, were taken to Benedictine Hospital for examination but neither was admitted.

Police said Reynolds was stopped in a line of traffic for a red traffic light when his car was struck in the rear by a vehicle driven in the same direction by William F. Blume, 57, of 15 Summer Street. Blume was cited for having inadequate brakes. Patrolmen George Baringer and Leon Fitzgerald investigated.

Another motorist was issued a summons for failure to keep right after a car-tractor trailer collision Friday on Route 213 in the Town of Rosebale.

He is Robert Matthews, 36, of Lake Katrine. He was treated for a nose fracture in Benedictine Hospital where he was reported in fair condition today.

Trooper Robert Mackey, Lake Katrine substation, said Matthews was driving west on Rt. 213 when his car rounded a curve, went into the eastbound lane and struck the left front of a tractor trailer operated by Anthony Byrnes, 46, of Spring Valley. The rig was owned by Provan Petroleum Transportation Co. Inc. of Newburgh.

A third motorist was issued three summonses after his truck struck a school bus Friday afternoon on Round Lake Road in the Town of Milan in Dutchess County.

State Police at Rhinebeck cited Michael H. Kaufman of East Rockaway for being an unlicensed driver, driving without a registration and having inadequate brakes. Troopers said Kaufman's vehicle struck a school bus owned by Julius Lip-ton of Kingston and operated by Harry J. Flattery of Rhinebeck.

Bing's Son Fined

PALM SPRINGS, Calif. (AP)—Lindsay Crosby, 25, son of crooner Bing Crosby, was fined \$250 for reckless driving.

Crosby's attorney entered a plea of guilty for his absent client Friday in Municipal Court.

Mild, Dry Over Most of Nation

By THE ASSOCIATED PRESS

An early January spell of mild and dry weather continued across the major part of the nation today.

There were a few chilly spots, including northern Florida, but generally temperatures were in the 30-40 degree range in most of the country. Higher readings were reported in southern Florida.

Cold air, with snow flurries, covered areas in northern Maine and in parts of the Lake Superior district. Temperatures in the teens were reported in mountain areas in the West. The mercury dropped to 29 in Cross City, Fla., but it was 66 in Miami.

Start Last 48 Hours of Visits Through Red Wall

BERLIN (AP)—A huge human tide poured through the Berlin wall today as the Communist concession of holiday visits to the East sector neared its end.

By noon over 100,000 people had surged through the Communist control points, the official East German news agency ADN reported.

While the Berliners made the most of their last 48 hours of visiting, politicians of East and West jockeyed for political position.

Both sides have called for negotiations to allow West Berliners to visit the Soviet sector of the divided city after the present holiday crossings of the wall end at midnight Sunday.

The United States, Britain and France authorized West Berlin Mayor Willy Brandt to negotiate a new agreement within carefully defined limits.

In East Germany, Communist party boss Walter Ulbricht, seeking full Western recognition for his regime, called for far-reaching East-West agreements to settle all problems of divided Germany.

Communist authorities prepared to handle the biggest single-day flow of West Berliners through the wall since the visits began Dec. 19.

Teams of workmen, watched by armed border guards, further enlarged the five crossing points in the wall after authorities predicted that a record 200,000 West Berliners would visit relatives in the eastern sector today.

There was little doubt that the wall would close again Sunday, as scheduled under the current agreement. There was no indication when new talks would begin to reopen the wall to West Berliners, who saw their relatives during the holidays for the first time since the barrier went up 28 months ago.

answered a chimney fire alarm at the home of John Sinnappack about four miles east of Walkkill Valley on Route 52. He said the fire originated and was confined to the chimney and an overflowed oil stove and contents. No one was injured.

Some 30 Esopus fire fighters responded to a blaze which struck a 25x25 foot barn owned by the Highland Shooting Preserve off Route 9W near Ulster Park, across from Mount St. Alphonsus Seminary.

Fire Chief Howard Bauer said the barn, formerly owned by Donald Evans, a prominent area wrestler, was a total loss. He said the structure was unoccupied. Cause of the fire was unknown today. Firemen answered the alarm at 3:25 p. m. and returned to service about 5:30 p. m.

More Coins Due

DENVER (AP)—The U.S. mint in Denver is now turning out coins at the rate of 2.3 billion a year. By July it will be asked to boost this output to 3 billion to help meet a national shortage of coins.

Miss Eva Adams, director of the mint at Washington, and Robert Wallace, assistant secretary of the treasury, announced these plans here Friday.

Makarios Asks London Parley to End Intervention

NICOSIA, Cyprus (AP)—Archbishop Makarios, Greek Cypriot president of Cyprus, has called upon the coming London conference to free the embattled Mediterranean island from foreign "intervention and interference."

His demand, aimed mainly at ending Turkey's special role in Cyprus, was certain to meet bitter opposition from the Turkish Cypriots at the conference opening later this month.

In his first general news conference since fighting broke out Dec. 21 between the island's Greek and Turkish Cypriot communities, Makarios expressed confidence peace would be restored between the ancient rivals.

To accomplish this, he said, the London conference must create "a really independent and unified state free from any form of outside intervention and interference."

He promised to seek such a solution, even if the London talks fail, "with all peaceful means at our disposal," including recourse to the United Nations.

Makarios and Dr. Fazil Kutukchik, Turkish Cypriot vice president, agreed to send representatives to London after a strenuous diplomatic effort by British Commonwealth Secretary Duncan Sandys. Britain, Greece and Turkey, guarantors of Cyprus' 1960 independence treaties, also will be represented.

From the Amman Airport, the route of the papal motorcade lay through the ancient Biblical countryside to Jerusalem, 54 miles away. Jordanian troops and police lined the route in a massive display of security arrangements.

At the Emir Abdullah bridge over the Jordan River, Jerusalem's governor and other dignitaries awaited the pontiff. The remaining 14 miles took the Pope's modern caravan from below sea level gradually upward through the Judean hills to the holy city itself, 3,000 feet above sea level.

Buildings in the Old City of Jerusalem, holy to three great world religions, were draped with national colors of yellow and white and the Jordanian national colors of black, white, red and green.

Arab Legion soldiers stood alertly on guard atop the ancient crenelated walls from which they could look down on either side of the divided city.

Follows Path of Christ

The Pope's route through Jerusalem took him on foot along the Way of the Cross, the path Christ followed on his way to Calvary and the crucifixion, to the Church of the Holy Sepulcher.

In Israel, which Pope Paul will visit Sunday, Prime Minister Levi Eshkol welcomed the arrival of the pontiff with the ancient Hebrew greeting, "Blessed is your coming in peace."

"In welcoming the Pope to the gates of our land," Eshkol said in a statement, "we are conscious of his particular interest in, and incessant efforts for, peace in the world."

"May the pontiff's visit contribute to the strengthening of the aspiration for peace in our region and in the entire world."

Man Is Suffocated By Chunk of Ice

ERIE, Pa. (AP)—An elderly Erie man suffocated Friday under a big chunk of ice that came crashing down on him from the ice of an apartment building.

Joe Madia, 68, who owned the building, suffered several injuries, but County Coroner Merle Wood said cause of death was suffocation.

Authorities said Madia was trying to knock ice off a downspout when the spout and the ice, estimated at 500 pounds, fell on him.

Coroner Wood said Madia apparently remained under the ice about four hours before someone spotted the body.

Ike Plans \$7.5 Million Fund for Freedom Center

PALM SPRINGS, Calif. (AP)—Former President Dwight D. Eisenhower is planning a national fund raising campaign for an American freedom center at Valley Forge, Pa.

The center, goal of the \$7.5 million campaign, would be used for research, study and training of citizens in the American form of constitutional government, Eisenhower disclosed Friday.

The announcement came after a meeting of 25 directors of the Freedoms Foundation, of which the general is board chairman.

Fisher Will Start Divorce Action Soon

PUERTO VALLARTA, Mexico (AP)—The Mexican judge who granted Sybil Burton her divorce says singer Eddie Fisher is expected to start divorcing Elizabeth Taylor today or Monday, at the latest.

Miss Taylor and Sybil's ex-husband, actor Richard Burton, remained secluded at their villa overlooking Puerto Vallarta and could not be reached for comment. Lawyers here for conferences with the pair declined to comment on Judge Arcadio Estrada Quinones' prediction.

If Estrada's prediction proves accurate, Burton, 40, and the 31-year-old actress could marry by the middle of the month.

Fisher is not expected to come here for the divorce proceedings. Mrs. Burton didn't when she got here.

Burton and Miss Taylor have been living here since last October, when the Welsh actor arrived to make the film "Night of the Iguana."

Stratton Thinks Bobby 'Natural' As Johnson Mate

SCHENECTADY, N.Y. (AP)—Rep. Samuel S. Stratton, D-Amsterdam, says Atty. Gen. Robert F. Kennedy would be "a terrific candidate" for vice president on a ticket headed by President Johnson.

Stratton said in a radio interview Friday that so far Johnson had been trying to carry on the program and policies of the late President Kennedy.

"I can't see a better way to dramatize that (continuity) and underline it than to select someone particularly close to President Kennedy," Stratton said.

Pilot Film Could Be Innovation on Television Screen

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD (AP)—"Johnny North" has all the aspects of a theatrical movie—name cast, location shooting, sizable schedule.

Option for 29 More
But it's a pilot film for what may be a revolutionary innovation in television programming.

Television long has shown movies that have been played out in theaters. The medium has also used half-hour, hour and 90-minute filmed series.

If "Johnny North" is successful, it could be the start of a series of 2-hour films that would be the equivalent of features shown in theaters. NBC has ordered the initial film from Revue Studios with an option for 29 more.

I dropped by the set and found Angie Dickinson and Ronald Reagan opening a wall safe to remove packs of currency, only to be interrupted by Lee Marvin with a gun. After the gunplay I conferred with veteran director Don Siegel, who is also producing "Johnny North."

Cost May Total \$750,000
"This could open a whole new era in television, and I hope it does," said Siegel. "I believe television suffers by being confined in the artificial limitations of a half-hour or hour show."

Siegel figures to shoot 30 days and at least half of the film has been made on location.

"NBC put up half the budget, which was scheduled at \$600,000," said the director. "But I think the final cost will be closer to \$750,000."

How can Revue and NBC recoup? "Johnny North" and its possible successors can be shown in overseas theaters. And they might end up in U.S. theaters after showing on television.

Capitol News In Brief

By THE ASSOCIATED PRESS
WASHINGTON (AP)—In the news from Washington:

CONSTRUCTION: America's spent a record \$62.8 billion on construction work in 1963, the Census Bureau estimates.

The bureau said Friday the total for the year was 6 per cent above the record \$59 billion of 1962. December expenditures dipped a little more than usual for the season, but at \$5.3 billion were 11 per cent above December 1962.

DRAFT: A draft call for 14,000 men in March has been issued by the Defense Department. All men in the quota announced Friday will be inducted into the Army. The March quota is 2,000 above that for February.

MALAYSIA: The United States has warned that no one stands to gain from a policy of recklessness in the Malaysia-Indonesia dispute.

The State Department issued a statement Friday saying "we believe that reason should prevail to prevent such disagreements from being enlarged."

Indonesia's Johnson sent a note to Indonesia's President Sukarno expressing concern at the growing crisis along the Malaysia border with Indonesia.

Washington's concern with the situation increased after a New Year's Eve clash virtually wiped out a platoon of the Royal Malay Regiment in action against Indonesian-trained guerrillas.

King Hill Has Lead In Golf Tournament

HOLLYWOOD, Fla. AP—King Hill of the Philadelphia Eagles was well on his way today to successfully defend his Professional Football Players' Golf Championship.

Hill fired a two-over-par 72 on the Hollywood Beach Hotel course Friday to post a halftime lead of seven strokes over Jess Whittenton of the Green Bay Packers and Jimmy Brown of the Cleveland Browns, who tied at 79.

Nine strokes off Hill's pace were Zeke Bratkowski of the Packers, who won this title in 1961 and 1962; Bob Taylor of the New York Giants and Ralph Guglielmi of the Eagles.

The tournament drew a record 53 players representing 14 teams.

Fails to Pick Up \$59,333
MINEOLA, N.Y. (AP)—Stephen Fox didn't pick up his \$59,333 at police headquarters Friday. Too dangerous, he said.

The money is his share of \$89,000 in unclaimed cash he turned up with his bulldozer in Jericho, Long Island, on June 2, 1960. It was in a metal box.

The state Supreme Court awarded him the sum last month. Fox said he'd pick it up with an armored truck. Police armed with shotguns waited at the appointed hour.

Sometime later, Fox's lawyer arrived, minus Fox and armored truck.

"I'm sorry," he said, "but my client has decided against coming because of security reasons."

Moppet's Mother Sought
LOS ANGELES (AP)—Police today are seeking the mother of child actress Wendy Diane Wayland on a child stealing complaint that accuses her of taking the 7-year-old girl from her father.

Chief Deputy Dist. Atty. Manley J. Bowler issued the complaint after seeing a letter which he said indicated the mother, Mrs. Barbara Gardner, 30, has the child somewhere in California.

Wendy, a star in the film, "Gigot," disappeared Dec. 17 from a private school in Tarzana, a Los Angeles suburb.

Her father, David Wayland, 33, won her custody in a bitter court battle following his divorce from Mrs. Gardner.

Sullivan Woman Acquitted by Jury In Mate's Death

MONTICELLO, N.Y. (AP)—A jury has acquitted Mrs. Diane Delameter, 28, of first-degree murder charges in the shooting of her husband as he slept in their home in nearby Livingston Manor.

Her lawyer argued that she was temporarily insane at the time.

The jury deliberated about three hours Friday before acquitting the mother of four. The slaying occurred last Dec. 21.

Driver Summoned After Collision

An Ellenville motorist was injured in a two-car collision about 3:45 p. m. Friday at Roosevelt and Albany Avenues.

Peter C. Reynolds, 24, of 17 Yankee Place, Ellenville, suffered a left arm injury. He and Beverly Ann Reynolds, three months, a passenger in his car, were taken to Benedictine Hospital for examination but neither was admitted.

Police said Reynolds was stopped in a line of traffic for a red traffic light when his car was struck in the rear by a vehicle driven in the same direction by William F. Blume, 57, of 15 Summer Street. Blume was cited for having inadequate brakes. Patrolmen George Barringer and Leon Fitzgerald investigated.

Another motorist was issued a summons for failure to keep right after a car-tractor trailer collision Friday on Route 213 in the Town of Rosendale.

He is Robert Matthews, 36, of Lake Katrine. He was treated for a nose fracture in Benedictine Hospital where he was reported in fair condition today.

Trooper Robert Mackey, Lake Katrine substation, said Matthews was driving west on Rt. 213 when his car rounded a curve, went into the eastbound lane and struck the left front of a tractor trailer operated by Anthony Byrnes, 46, of Spring Valley. The rig was owned by Provan Petroleum Transportation Co. Inc. of Newburgh.

A third motorist was issued three summonses after his truck struck a school bus Friday afternoon on Round Lake Road in the Town of Milan in Dutchess County.

State Police at Rhinebeck cited Michael H. Kaufman of East Rockaway for being an unlicensed driver, driving without a registration and having inadequate brakes. Troopers said Kaufman's vehicle struck a school bus owned by Julius Lip-ton of Kingston and operated by Harry J. Flattery of Rhinebeck.

Mild, Dry Over Most of Nation

By THE ASSOCIATED PRESS
An early January spell of mild and dry weather continued across the major part of the nation today.

There were a few chilly spots, including northern Florida, but generally temperatures were in the 30-40 degree range in most of the country. Higher readings were reported in southern Florida.

Cold air, with snow flurries, covered areas in northern Maine and in parts of the Lake Superior district. Temperatures in the teens were reported in mountain areas in the West. The mercury dropped to 29 in Cross City, Fla., but it was 66 in Miami.

Start Last 48 Hours of Visits Through Red Wall

BERLIN (AP)—A huge human tide poured through the Berlin wall today as the Communist concession of holiday visits to the East sector neared its end.

By noon over 100,000 people had surged through the Communist control points, the official East German news agency ADN reported.

While the Berliners made the most of their last 48 hours of visiting, politicians of East and West jockeyed for political position.

Both sides have called for negotiations to allow West Berliners to visit the Soviet sector of the divided city after the present holiday crossings of the wall end at midnight Sunday.

The United States, Britain and France authorized West Berlin Mayor Willy Brandt to negotiate a new agreement within carefully defined limits.

In East Germany, Communist party boss Walter Ulbricht, seeking full Western recognition for his regime, called for far-reaching East-West agreements to settle all problems of divided Germany.

Communist authorities prepared to handle the biggest single-day flow of West Berliners through the wall since the visits began Dec. 19.

Teams of workmen, watched by armed border guards, further enlarged the five crossing points in the wall after authorities predicted that a record 200,000 West Berliners would visit relatives in the eastern sector today.

There was little doubt that the wall would close again Sunday, as scheduled under the current agreement. There was no indication when new talks would begin to reopen the wall to West Berliners, who saw their relatives during the holidays for the first time since the barrier went up 28 months ago.

Miss Eva Adams, director of the mint at Washington, and Robert Wallace, assistant secretary of the treasury, announced these plans here Friday.

Makarios Asks London Parley to End Intervention

NICOSIA, Cyprus (AP)—Archbishop Makarios, Greek Cypriot president of Cyprus, has called upon the coming London conference to free the embattled Mediterranean island from foreign "intervention and interference."

His demand, aimed mainly at ending Turkey's special role in Cyprus, was certain to meet bitter opposition from the Turkish Cypriots at the conference opening later this month.

In his first general news conference since fighting broke out Dec. 21 between the island's Greek and Turkish Cypriot communities, Makarios expressed confidence peace would be restored between the ancient rivals.

To accomplish this, he said, the London conference must create "a really independent and unified state free from any form of outside intervention and interference."

He promised to seek such a solution, even if the London talks fail, "with all peaceful means at our disposal," including recourse to the United Nations.

Makarios and Dr. Fazil Kutukchik, Turkish Cypriot vice president, agreed to send representatives to London after a strenuous diplomatic effort by British Commonwealth Secretary Duncan Sandys. Britain, Greece and Turkey, guarantors of Cyprus' 1960 independence treaties, also will be represented.

For Wheat Deal

U. S. Taxpayers Face \$26 Million Subsidies Bite

WASHINGTON (AP)—Russia has contracted to buy 37 million bushels of U.S. wheat, paying \$78.5 million in cash in a deal which will cost U.S. taxpayers \$26 million in subsidies.

The size of the subsidy indicated it may include part of the added cost of shipping some of the grain in higher-cost U.S. vessels—a condition at which Russia had balked in early negotiations. It was not clear whether or not shipping costs were considered in the subsidy arrangement.

The sale was disclosed Friday by both the Agriculture Department and the Continental Grain Co., the big New York grain company that engineered the deal with the government's blessing.

\$90 Million Port Value
The wheat sold the Russians will have a value of about \$90 million at U.S. ports. The Soviet Union will pay approximately \$78.5 million for the grain delivered at their ports.

For years the Agriculture Department has been offering export subsidies on wheat because U.S. prices have been held above comparative world levels by grower price-support programs. Exporters have been able to make sales broad only when the subsidies were sufficient to make up the difference between the higher U.S. prices and the lower world prices.

But the size of the subsidy approved for the Continental sale appeared to be larger than necessary to make up the difference between the domestic and world prices. The subsidy goes to the seller, not the buyer.

When the late President John F. Kennedy directed last fall that Soviet-bloc areas be made eligible for export subsidies, he specified that half the grain sold such areas be moved in U.S.-flag ships to the extent available.

Balked at U. S. Boats
The Russians balked at use of American boats because their freight rates are higher than those of foreign vessels. For a time it appeared that Soviet sales might not develop because of the freight question.

The possibility that the Continental deal may carry indirect freight subsidies to meet Soviet opposition to the higher rates of U.S. ships was seen in the export subsidies the department will pay on nearly 13 million bushels of durum-class wheat involved in the Soviet sale.

The department agreed to pay a subsidy averaging 72.5 cents a bushel on the durum. This was upwards of 15 cents more than the agency had paid on other recent subsidized sales of this type wheat. Durum is used for making macaroni, spaghetti and similar products.

This extra amount in the durum subsidy was equivalent to about \$1,750,000 based on the difference between recent subsidy payments and that approved for Continental.

The subsidy rates on the remaining part of the 37 million bushels range from 51 to 65 cents a bushel, depending on class of wheat and ports from which it will be shipped. The other types are used mainly for flour for bread and other baking purposes.

Rondout Lodge To Hear Report Of Holland Trip

Some houses are so well-proportioned, they have a special sense of rightness, even at first glance. Here in the "Pinetree" you will find a balance and fine flow of detail which make it extremely appealing.

Much of this attractiveness

is due to careful design. Glass is used generously and the same horizontal panel motif appears throughout. Slender panel blinds and a brick area under the windows add to the "Pinetree's" beauty.

All this has been done without resorting to costly extras. The basic rectangular form which spells economy and fine floor layout is practically intact. The only variance is the front gable which extends out four feet.

PHILADELPHIA (AP)—The annual Mummers Parade, a welcome to the new year, was on today as extra policemen stood by to enforce court orders banning blackface makeup by marchers and threatened demonstrations by civil rights groups.

Starting time for the six-mile parade up historic Broad Street was 8:30 a.m. Clear and warm weather was forecast for the 64th annual parade, postponed from New Year's Day because of snow and ice.

Officials said some 2,000 policemen would be on duty throughout the city today, twice the normal force—with most of them lining the parade route of the 12,000 to 15,000 marchers. The parade annually attracts more than one million spectators.

A Common Pleas Court issued the injunctions Friday. One barred any participant from wearing minstrel makeup. The other barred civil rights groups from staging any demonstrations.

Magistrate Elias Myers, who announced he was retiring as parade director, said the Mummers would comply.

There was no immediate word from leaders of the Congress of Racial Equality or the Committee for Freedom Now, which threatened the demonstrations. They had, however, earlier withdrawn objections to the suits seeking the injunctions.

Steel Doors In New Guise

By KAY SHERWOOD
Newspaper Enterprise Assn.

If the new year will find you planning to build or remodel, many details will press for attention and some are apt to escape notice.

One is the safety of a proposed material or product and the other is long-term durability.

As homemakers we worry about color schemes, furniture arrangements, decorative effects which are exciting and fun. We tend to forget or shrug off more pedestrian problems.

I was reminded of this the other day when I heard a young woman at lunch describing her plans for enlarging a children's room to make space for a play area. The motif would be old-time Western style "like you see on television" and to carry things to the realistic end she was installing swinging louvered panels instead of a door.

Well, I'll bet she'll be sorry. Doors serve more than a decorative purpose in a home. At the very least, they insure a certain privacy. A solid door serves as a sound barrier (and in a children's room this should have a high priority). It can also help to regulate room temperature.

Louvered panels have their place. Where a visual barrier only is needed, as at the entrance of a hall or a utility area, these airy panels are decorative and practical.

But for entrances to children's rooms—no, no. If you think of doors as made primarily of wood, you may be interested in the development of steel doors. I was surprised to learn that steel doors complete with their own frames, locks, and hinges can be installed by almost anyone within an existing doorway.

Made of cold rolled or galvanized steel they are finished in a variety of materials—paint, vinyl, or other plastic coatings. One thinks of them in the main for the exterior of a home where they offer great durability and protection. But they are also used inside. They are hung on entries such as a furnace room or a workshop where fire resistance is of important consideration. They are used for bedrooms partly for this reason and partly for their resistance to the abuse of youngsters and their four-footed friends can inflict. Ever see how a dog can scratch up a door?

I would probably never change a solid, strong door; but if a door is flimsy, warped and is not shutting out drafts or noise, it's worth investigating the kinds and types of doors that could solve the problem rather simply.

Southern Pine is a plentiful and relatively inexpensive lumber used widely for siding on houses and other buildings. When used as siding, it is painted for decorative and protective purposes. A booklet titled "Painting Southern Pine" describes the practices that must be followed for the best results in painting this surface. Painting Galvanized Steel
When painting galvanized steel, there are five important rules to follow, says the National Paint, Varnish and Lacquer Association: Figure cost per year of service, not cost of paint; follow the paint manufacturer's instructions; for priming, use a paint made for use on galvanized steel; paint on a clean, dry surface; allow adequate time for weathering.

Repair Plaster Walls Before Painting Job

By MR. FIX
Newspaper Enterprise Assn.

Plaster walls, provided they are dry, may last forever. Yet, they are likely to develop cracks nonetheless.

These are often due to the settling of a house, a process that can go on for a long time. Or damage may result from an accident, such as children playing or someone moving furniture carelessly.

The best time to repair plaster walls is right before painting. Painting will not cover up the cracks. They'll only show through the paint. But painting is necessary after patching, since you will want to cover up the patched area.

What to Use
Use patching plaster, available at hardware and paint stores. Check the instructions. Some plaster mixes harden more quickly than others. Mix only the amount you can use right away.

Before mixing, prepare the damaged area. Widen the crack enough so that you can get plaster in. Undercut the crack. This will keep the plaster from falling out.

Remove all loose plaster. If it crumbles easily it will not hold the patch.

All Wet
Wet the surface thoroughly. This prevents the old plaster from drawing all the moisture from the new. Fill the crack with new plaster, but not clear to the surface. Make sure the base of the opening is thoroughly filled—force in the material.

Allow the material to dry. Then apply the rest of the plaster, building up the patch so that it is level with the rest of the surface. Carefully smooth this with a trowel. If you work carefully, you should be able to run your finger over the area when dry without feeling any difference.

While you can sand the surface if it doesn't come out even, this practice will roughen ordinary patching plaster. If you are sure of your technique, use spackling compound which can be sanded easily.

Final Seal
Seal the new surface with shellac. This will prevent dull spots when you paint the wall.

Give the patched area an extra priming coat before painting. Hairline cracks are often so tiny that they can be patched with a paste of white lead and turpentine. Use a cloth to rub the mixture into the crack. Wipe away the excess while it is still wet. Sand when dry.

Masonite decorator hardboards, used for home modernization, are splinter-free, durable and easy to maintain.

A) If you will allow me to say so, I think this country is very fortunate to have you as a newcomer.

Your choice of an objective, in my opinion, is a sound one. At your age, with many active years ahead of you, sound growth

stocks should enhance your capital and keep you abreast of any new inflationary trends which may develop.

I'm going to suggest that you invest \$3,000 in equal dollar amounts of two great consumer merchandisers, with long records of rising earnings, dividends and price. The stocks I advise are Bristol-Myers, a pharmaceutical and toiletry issue, and Corn Products, very strong in packaged foods.

Q) "I keep a portfolio with about 60 per cent in stocks and 40 per cent in municipal bonds. Do you think this is sound financially? If so, I would appreciate your giving me the name of a good available municipal bond to replace a block of \$25,000 tax-exempt which have just been retired."

P.S.

A) I think your policy is sound—particularly at the present relatively high level of the stock market—and I commend you for it.

Municipal bonds provide a good balance for your portfolio. They vary in price almost entirely on money rates.

If any sharp market correction should develop over the next year or so, your stocks might decline considerably but your municipal bonds should stay relatively stable in price, enabling you to switch some tax-exempt holdings into stocks at lower prices.

Steel Doors In New Guise

By KAY SHERWOOD
Newspaper Enterprise Assn.

If the new year will find you planning to build or remodel, many details will press for attention and some are apt to escape notice.

One is the safety of a proposed material or product and the other is long-term durability.

As homemakers we worry about color schemes, furniture arrangements, decorative effects which are exciting and fun. We tend to forget or shrug off more pedestrian problems.

I was reminded of this the other day when I heard a young woman at lunch describing her plans for enlarging a children's room to make space for a play area. The motif would be old-time Western style "like you see on television" and to carry things to the realistic end she was installing swinging louvered panels instead of a door.

Adding cheer is a contemporary fireplace, open on three sides to spread welcome warmth to both living and dining rooms. In chilly weather, persons seated in these rooms are protected by a formal vestibule just inside the front door. Storm gear can be stashed in the closet on its right.

One great advantage of a ranch type is that the sleeping area can be set apart for privacy and quiet. The three bedrooms here use that principle effectively. Each has sliding door closets and is convenient to a well-appointed bathroom with large linen closet.

Every measure has been taken to make a food preparation and service easy. A modern cooking-top and built-in ovens make the kitchen up-to-the-minute. A handy lavatory is set in a niche near the doorway which leads to the garage.

Shelter is provided between house and garage by a breezeway, large enough to provide a screened-in spot for warm weather relaxation. There's ample room for two cars in the garage with its sixteen foot overhead door.

On the exterior, cedar shingles are used all around, setting off the beauty of windows and the brick veneer under them. Cubage is 27,150 square feet with the living area measuring 1,290 square feet and the garage 420 square feet. Plans show details and section views for building with full basement or with no basement.

Police to Enforce Blackface Ban in Mummies Parade

PHILADELPHIA (AP)—The annual Mummies Parade, a welcome to the new year, was on today as extra policemen stood by to enforce court orders banning blackface makeup by marchers and threatened demonstrations by civil rights groups.

Starting time for the six-mile parade up historic Broad Street was 8:30 a.m. Clear and warm weather was forecast for the 64th annual parade, postponed from New Year's Day because of snow and ice.

Officials said some 2,000 policemen would be on duty throughout the city today—twice the normal force—with most of them lining the parade route of the 12,000 to 15,000 marchers. The parade annually attracts more than one million spectators.

A Common Pleas Court issued the injunctions Friday. One barred any participant from wearing minstrel makeup. The other barred civil rights groups from staging any demonstrations.

Magistrate Elias Myers, who announced he was retiring as parade director, said the Mummies would comply.

There was no immediate word from leaders of the Congress of Racial Equality or the Committee for Freedom Now, which threatened the demonstrations. They had, however, earlier withdrawn objections to the suits seeking the injunctions.

Repair Plaster Walls Before Painting Job

By MR. FIX
Newspaper Enterprise Assn.

Plaster walls, provided they are dry, may last forever. Yet, they are likely to develop cracks nonetheless.

These are often due to the settling of a house, a process that can go on for a long time. Or damage may result from an accident, such as children playing or someone moving furniture carelessly.

The best time to repair plaster walls is right before painting. Painting will not cover up the cracks. They'll only show through the paint. But painting is necessary after patching, since you will want to cover up the patched area.

What to Use
Use patching plaster, available at hardware and paint stores. Check the instructions. Some plaster mixes harden more quickly than others. Mix only the amount you can use right away.

Before mixing, prepare the damaged area. Widen the crack enough so that you can get plaster in. Undercut the crack. This will keep the plaster from falling out.

Remove all loose plaster. If it crumbles easily it will not hold the patch.

All Wet

Wet the surface thoroughly. This prevents the old plaster from drawing all the moisture from the new. Fill the crack with new plaster, but not clear to the surface. Make sure the base of the opening is thoroughly filled—force in the material.

Allow the material to dry. Then apply the rest of the plaster, building up the patch so that it is level with the rest of the surface. Carefully smooth this with a trowel. If you work carefully, you should be able to run your finger over the area when dry without feeling any difference.

While you can sand the surface if it doesn't come out even, this practice will roughen ordinary patching plaster. If you are not sure of your technique, use spackling compound which can be sanded easily.

Final Seal

Seal the new surface with shellac. This will prevent dull spots when you paint the wall.

Give the patched area an extra priming coat before painting. Hairline cracks are often so tiny that they can be patched with a paste of white lead and turpentine. Use a cloth to rub the mixture into the crack. Wipe away the excess while it is still wet. Sand when dry.

Masonite decorator hardboards, used for home modernization, are splinter-free, durable and easy to maintain.

When I was much younger I established a reputation as a bidder of psychic or fake bids. Now that I have reached the grandfather stage, I leave psychics for others and while I sometimes overbid at least I try to bid sensibly.

My spade overall was gilt edge and after North bid two hearts and South two spades I decided that South was really showing a big hand and not a spade suit. It looked as if he were on the way to a heart slam and that maybe I should ask for a diamond lead.

So I made one of my worst bids of 1963 and said, "Three diamonds."

North said, "Double," and while I would not have been slaughtered at three diamonds, I would not have laid up any wealth either.

Fortunately for me, South still believed my "psychic" reputation. He was sure I had been fooling with my spade bid and South bid three spades. North corrected to three no-trump

Recent Immigrant Buying Share in America

ROGER E. SPEAR

Q) "I am a newcomer to this great country of yours, as well as to the stock market. I have \$5,000 in savings and feel I should invest some of it. I think I should be interested in growth, since I am only 25. Would you tell me what I should buy and how much I should invest?" R.M.

A) If you will allow me to say so, I think this country is very fortunate to have you as a newcomer.

Your choice of an objective, in my opinion, is a sound one. At your age, with many active years ahead of you, sound growth

stocks should enhance your capital and keep you abreast of any new inflationary trends which may develop.

I'm going to suggest that you invest \$3,000 in equal dollar amounts of two great consumer merchandisers, with long records of rising earnings, dividends and price. The stocks I advise are Bristol-Myers, a pharmaceutical and toiletry issue, and Corn Products, very strong in packaged foods.

Q) "I keep a portfolio with about 60 per cent in stocks and 40 per cent in municipal bonds. Do you think this is sound financially? If so, I would appreciate your giving me the name of a good available municipal bond to replace a block of \$25,000 tax-exempts which have just been retired."

P.S. A) I think your policy is sound—particularly at the present relatively high level of the stock market—and I commend you for it.

Municipal bonds provide a good balance for your portfolio. They vary in price almost entirely on money rates.

If any sharp market correction should develop over the next year or so, your stocks might decline considerably but your municipal bonds should stay relatively stable in price, enabling you to switch some tax-exempt holdings into stocks at lower prices.

I recommend City of San Francisco Bay Area Rapid Transit (when issued) 3.30s of 1981 at 100, rate AA.

Channel 10 Asks VHF Translator On Jockey Hill

Kingston area residents may receive better transmission on television Channel 10 (W-TEN) from the Albany area if the Federal Communications Commission grants the station application for a VHF translator station.

Marc Edwards, promotion manager for W-TEN, told The Freeman today that the station has made application with the FCC for a construction permit for the translator station to be located on Jockey Hill Road in the Town of Ulster. He said that Capital Cities Broadcasting Corporation, as licensee of station W-TEN, plans to rebroadcast on Channel 8 with an effective radiated power of 9.3 watts, the signal of station W-TEN, operating on Channel 10 from Vails Mills.

Edwards said that if application is approved by the FCC, construction is expected to be completed in a short time. He said that application was sought because of the station's interest in expanding transmission facilities in the Ulster County area. Station W-TEN is a Columbia Broadcasting System affiliate operating out of the Albany-Schenectady-Troy area with reception in the Mid-Hudson Valley.

A "translator" Edwards said, picks up a signal, and, in this case translates it to Channel 8, which is not an assigned frequency, and "retransmits" what it receives to Channel 10, thus providing a clearer reception to TV viewers.

Edwards said that as of 1960, 89 per cent of homes in the Kingston-Ulster area had at least one television set, and currently it was estimated that figure is more than 90 per cent.

The capital of Hungary is made up of two cities, Buda and Pest, which are joined by bridges across the Danube.

The office boy had told his employer the old tale about his grandmother's death, but it had worked, and he started gayly for the baseball field. Just as he was about to pass in the gate, he saw his boss, who caught sight of him at the same moment. With rare presence of mind, the boy pretended not to see him, but turned to the gatekeeper and asked in a loud voice: Office Boy—Will you please direct me to the cemetery?

Canders Take 58-48 Decision; Lead UCAL Race

Rondout's hustling Ganders remained on top in the UCAL race with a 58-48 decision at Onteora last night. Coach Chick Meehan's team has captured four straight decisions.

The home side, playing without the services of starter Linden Fraser, battled the Ganders for three periods before falling out of contention in the final eight minutes.

Cliff Schoonmaker continued his point making with 19 markers for the Ganders. Big Bob Rossler chipped in with 11. George Loveless and John Phelan paced the Indians from Boiceville.

Rondout had quarter margins of 14-9, 30-20, and 39-32.

The jayvee game was a thriller as Onteora won, 47-43, in overtime. It was the sixth consecutive victory for coach Paul Jordan's cagers.

Onteora will visit Wallkill next Wednesday to play a game previously postponed.

Beacon Earns 26th Straight

Limiting the visitors to a solitary field goal in the first period Beacon High cagers roared to their 26th consecutive victory, a 79-38 DCSL decision over Our Lady of Lourdes last night at the Southern Dutchess court.

Coach Tom Winterbottom's quintet had a 16-2 margin after the initial period. The only Lourdes basket in the session was made by John MacIntyre midway through the quarter.

Nine of the Beaconites in action dented the scoring column. Beacon's jayvees cruised to their 18th straight win in the opener, 70-38.

Wallkill Scores 55-45 Win Over New Paltz in UCAL Tilt

By ED PALLADINO
Freeman Sports Staff

Wallkill Central combined an effective zone defense and some ball control tactics to pin a 55-45 UCAL loss on New Paltz last night at the Huguenot gym.

The visitors, who made their league record read 3-1, moved ahead with a 15-point outburst in the second period and then played hold the ball while the home side tried unsuccessfully to retrieve it and close the gap.

Leading, 25-16, at the interim, the Panthers of coach Jack Higgins increased the margin as the third period began.

Rugged Dennis Mullen of the Panthers and lanky Bruce McKinney exchanged foul shots. Harold Kearns, whose return to the lineup has made Wallkill a threat for league honors, hit with a free throw and then cut underneath for a layup.

After McKinney tapped in a rebound for the Huguenots, Roger West sank a foul shot and a jumper, zooming the Wallkill margin to 33 points, 32-19.

The visitors led by as many as 15 points during the session and by 17 points on two different occasions in the fourth quarter.

McKinney Fouls Out
New Paltz was hurt even more in those last eight minutes when McKinney was waived to the bench because of five personals.

Kearns, who seemed to be shooting fouls most of the night, finished with 19 points to pace the winners. Dan Mullen had 11 and controlled the backboards.

McKinney was limited to a dozen markers by the tenacious defense thrown up by the Panthers. Despite their effective zone, the winners were only charged with nine personal fouls.

New Paltz had 21 called, many of them in the second half when the Huguenots pressed in an attempt to get back into contention.

Wallkill captured the jayvee contest, 57-45.

Presidents Win First Game With Good Second Half

Paul Buytkins scored 22 points but they were more than half of what his teammates put through the hoop. As a result, Saugerties High lost a 50-42 DCSL engagement to visiting Roosevelt last night.

The Presidents broke away from a 23-23 halftime deadlock to outscore the Sawyers, 27-19 in the third and fourth periods and record their initial victory of the season.

Buytkins had 15 points in the first half to keep his teammates in contention. However, he managed but seven markers after intermission.

Pete Ferez, a veteran and newcomer Jerry Pisanelli scored 12 points each for the winners.

Saugerties won the jayvee contest, 51-33, as Ron MacRae scored 12 points.

Coach Bud Smith's hoopsters will play at Rondout Valley next Tuesday afternoon and will go to Lourdes for a league game next Friday.

Ganders Take 58-48 Decision; Lead UCAL Race

Rondout's hustling Ganders remained on top in the UCAL race with a 58-48 decision at Oteora last night. Coach Chick Meehan's team has captured four straight decisions.

The home side, playing without the services of starter Linden Fraiser, battled the Ganders for three periods before falling out of contention in the final eight minutes.

Cliff Schoonmaker continued his point making with 19 markers for the Ganders. Big Bob Rossier chipped in with 11. George Lovelless and John Phelan paced the Indians from Boiceville.

Rondout had quarter margins of 14-9, 30-20, and 39-32.

The jayvee game was a thriller as Oteora won, 47-43, in overtime. It was the sixth consecutive victory for coach Paul Jordan's cagers.

Oteora will visit Wallkill next Wednesday to play a game previously postponed.

Beacon Earns 26th Straight

Limiting the visitors to a solitary field goal in the first period, Beacon High cagers roared to their 26th consecutive victory, a 79-38 DCSL decision over Our Lady of Lourdes last night at the Southern Dutchess court.

Coach Tom Winterbottom's quintet had a 16-2 margin after the initial period. The only Lourdes basket in the session was made by John MacIntyre midway through the quarter.

Nine of the Beaconites in action scored the scoring column. Beacon's jayvees cruised to their 18th straight win in the opener, 70-38.

Wallkill Scores 55-45 Win Over New Paltz in UCAL Tilt

By ED PALLADINO
Freeman Sports Staff

Wallkill Central combined an effective zone defense and some ball control tactics to pin a 55-45 UCAL loss on New Paltz last night at the Huguenot gym.

The visitors, who made their league record read 3-1, moved ahead with a 15 point outburst in the second period and then played hold the ball while the home side tried unsuccessfully to retrieve it and close the gap.

Leading, 25-16, at the interim, the Panthers of coach Jack Higgins increased the margin as the third period began.

Rugged Dennis Mullen of the Panthers and lanky Bruce McKinney exchanged foul shots. Harold Kearns, whose return to the lineup has made Wallkill a threat for league honors, hit with a free throw and then cut underneath for a layup.

After McKinney tapped in a rebound for the Huguenots, Roger West sank a foul shot and a jumper, zooming the Wallkill margin to 13 points, 32-19.

The visitors led by as many as 15 points during the session and by 17 points on two different occasions in the fourth quarter.

McKinney Fouls Out—New Paltz was hurt even more in those last eight minutes when McKinney was waived to the bench because of five personals.

Kearns, who seemed to be shooting fouls most of the night, finished with 19 points to pace the winners. Dan Mullen had 11 and controlled the backboards.

McKinney was limited to a dozen markers by the tenacious defense thrown up by the Panthers.

Despite their effective zone, the winners were only charged with nine personal fouls. New Paltz had 21 called, many of them in the second half when the Huguenots pressed in an attempt to get back into contention.

Wallkill captured the jayvee contest, 57-45.

Pine Bush Decisions Highland Team, 53-46

Coming from behind in the final eight minutes, Pine Bush kept its UCAL pennant hopes alive with a 53-46 triumph over visiting Highland.

The losers had a slim, 40-37, margin beginning the final period. However, the Bushmen came to life and tallied 16 points while holding Highland to half a dozen.

Harold Cliff rimmed 15 points and Sam Richardson had 12 to pace the winners.

Brown, Taylor Duel Seen As Packers Meet Browns

MIAMI, Fla. (AP)—The prospect of a fierce struggle between fullbacks Jim Brown of the Cleveland Browns and Jim Taylor of the Green Bay Packers added interest today for the pro Playoff Bowl game Sunday and sponsors predicted a 50,000 crowd in the Orange Bowl.

It will be the first meeting of the season between Brown and Taylor, two of football's greatest ground gainers. Brown rushed for 1,863 yards this season and Taylor 1,018 yards, the fourth straight year he passed the 1,000-yard mark.

Green Bay, with a season's record of 11-2-1, remained a six-point favorite in the fourth annual affair matching runners-up of the Eastern and Western divisions of the National Football League.

The Packers failed to repeat as champions because they lost to the Chicago Bear twice and that alone may give them the edge.

Personal Pride

"In a game like this, it becomes a matter of personal pride," said Packer coach Vince Lombardi. "A matter of each man saying to himself that he'll give it all he's got, all the way."

"This club has played in three championships and in three years and many of the same players are on the team. We aren't playing for a championship in the Orange Bowl, but the fellows seem to be ready."

Lou Groza, Cleveland's placement specialist, thinks the Browns are ready, too, with a healthy mental attitude and quiet confidence. Groza has kicked 1,246 points in his 14 years with the Browns and at 39 is conditioning himself for the game with as much enthusiasm as he did as a rookie of 21.

"Truthfully, I feel fine," he said. "As far as age goes, some people are old when they're 25, whether they're playing football or a violin. Attitude has the most to do with it."

Both Lombardi of the Packers and Coach Blanton Collier of the Browns have worked on pass patterns and the Browns are expected to throw more than usual, with Frank Ryan doing the tossing.

Noting that the Browns led the league in rushing, Collier said "we'll have to throw more to beat the Packers. The attack has to be better balanced."

Kickoff time is 2 p.m. EST and the game will be televised over 210 stations by CBS, with the local area blacked out.

Chester Topples Marlboro, 69-43

Chester outshot Marlboro, 39-10, in the first half and coasted to a 69-43 win over the Dukes last night. Coach Jack O'Donnell's cagers had trouble finding the range in the first 16 minutes of action.

Four players were in double figures for the Hambletonians, who scored their second verdict of the season over Marlboro. Rod Aurigemma rimmed 14 points for the Dukes.

Marlboro won the jayvee tilt, 53-51, as Rich Faulk and James Fino had 12 points each.

Celtics Defeat Frisco, 111-101

By THE ASSOCIATED PRESS

The Boston Celtics aren't satisfied with their runaway start in the National Basketball Association Eastern Division race. The defending NBA champs are out to sweep the West as well.

A season-high San Francisco crowd of 10,146 turned out Friday night for the Celtics' and hometown alumnus Bill Russell's first 1963-64 West Coast encounter with West Chamberlain and the Warriors. Boston responded with a 111-101 victory, its 15th without a loss to Western Division competition.

Philadelphia, meanwhile, ran its current winning streak to four by upending Cincinnati, 132-110, in the nightcap of a Quaker City doubleheader after New York nipped Baltimore, 1

Wagner Acquitted Of In-law Assault

NEW YORK (AP) — Howard D. Wagner, 32, of Lansdowne, Pa., has been acquitted of a charge of assault with intent to murder. It stemmed from a shooting in the home of his estranged wife's father at the U.S. Military Academy, West Point.

A federal jury, however, convicted him Friday of carrying a concealed weapon. Maximum sentence is five years and a \$1,000 fine.

An FBI agent testified during the four-day trial that Wagner insisted his pistol went off accidentally during a scuffle last August with his wife's father, a former U.S. Military Academy rifle coach, now retired.

The shots were fired in the West Point home of Sgt. Oscar Gallman of Lebanon, Tenn.

He, Wagner and Wagner's wife, Donna, 19, were struck by bullets in the fracas. None was seriously hurt.

Testimony indicated Wagner had gone to Gallman's home seeking a reconciliation with his wife and hoping to see their son, born last July 3.

The jury of 11 men and one woman deliberated five hours.

Wagner was continued in \$3,500 bail and held in jail in lieu of it.

Critical After Plunge

CAMBRIDGE, Mass. (AP)—A Russian philosophy professor who applied last week for asylum in this country was in critical condition at a Cambridge hospital today after a three-story fall.

Dr. Jouri Aseyef, 55, of the University of Leningrad, who has been studying at Harvard on a cultural exchange since September, plunged Thursday night from the apartment of an American friend with whom he had been staying, the State Department disclosed Friday.

Martin Cramer of the State Department confirmed that Aseyef had applied for asylum. He said there was no immediate explanation for Aseyef's plunge but added the professor's family in Leningrad "was under heavy psychological strain."

Body Recovered

OSWEGO, N.Y. (AP)—Searchers have recovered the body of Daniel Vincent, 14, of Oswego, who was swept to his death in Lake Ontario Thursday by a huge wave.

The body was found Friday in 15 feet of water near the narrow breakwater from which the youth fell. He was the son of an Oswego County supervisor.

Mother, Son Die In Crash, Two Other Boys Hurt

OGDENSBURG, N.Y. (AP)—A 32-year-old mother and her son were killed Friday when their automobile and a gasoline tank-truck collided on Route 37A, just east of the city. Two other sons of the woman were injured.

Mrs. Edward Lalonde of nearby Lisbon and her son Edward Jr., about 8, were dead on arrival at A. Robert Hepburn Hospital here.

Robert Lalonde, 4, and his brother William, 7, were taken to the same hospital, where their condition was reported as satisfactory.

Plan CR Demonstration

ATLANTA (AP) — Representatives of nine civil rights organizations have voted to stage massive street demonstrations to protest segregation in Atlanta but have not set a date.

The groups organized a coalition called the Atlanta Summit Leadership Conference last October in an effort to achieve desegregation through negotiation. Meetings were held with city officials and business leaders.

"I'm disappointed that this conference method has not received a more positive response from white community leaders," said Clarence Coleman of the National Urban League.

Quits GOP Post

SYRACUSE, N.Y. (AP)—State Sen. John H. Hughes has resigned as Onondaga County Republican chairman, effective next Saturday.

"It is time that I return to the practice of law," Hughes told the county committee Friday night.

He has been county chairman since September 1960.

Hughes recommended Stewart F. Hancock Jr., Syracuse corporation counsel, as his successor.

Doubt Prof. Will Return to Harpur, Freed in Canada

MONTREAL (AP)—Prof. Roland Haumont, acquitted by a judge of capital murder charges in the death of his wife and two daughters, says his first act will be to "visit the grave of his wife."

Judge Claude Wagner ruled Friday that there was insufficient evidence to send the 42-year-old Haumont to trial. All the evidence given in a preliminary hearing was circumstantial, he said.

A coroner's jury had found the professor, an instructor at Harpur College, Binghamton, N.Y., criminally responsible for the explosion that took the lives of his wife, Sheila, 43, and daughters Nicole, 17, and Leslie, 10, in their home last Oct. 30.

Haumont and his son, Marc, 13, were injured in the blast.

A court source said the charges against Haumont could be revived if new evidence came to light. He said the law against double jeopardy applied only at the trial stage.

In Binghamton, Glenn G. Bartle, Harpur president, said it was doubtful that Haumont would rejoin the faculty.

During Haumont's preliminary hearing, a blonde former student testified that he had proposed marriage to her. The 20-year-old student said he gave her five rings and promised to marry her when his children had grown.

Rocky Is Moving Into Street for Personal Touch

CONCORD, N.H. (AP)—Gov. Nelson A. Rockefeller of New York moves into the streets today on a handshaking tour in pursuit of votes in the first-in-the-nation New Hampshire presidential primary.

Rockefeller, joined Friday by Sen. Barry Goldwater, R-Ariz., in the race for the Republican presidential nomination, turned to the personal approach after a speech in Portsmouth Friday night.

The governor's speech before a standing-room-only crowd of some 1,300 in Portsmouth High School pledged "to help build a Republican party that rejects the extremism of both the left and the right."

Earlier, he renewed his challenge to Goldwater that they debate the issues. He wired the Arizona senator his congratulations and urged Goldwater "to debate the issues with me—personally—in New Hampshire."

Cheers and applause greeted Rockefeller's declaration that he was entering the race for the presidency not to "stop anyone else within my own party."

Said Rockefeller: "I want to help build a Republican party that rejects the extremism of both the left and the right—a party that is moving forward in the broad mainstream of American political thought."

Rockefeller criticized the Democratic administration for what he said was a failure to speed up the nation's economic growth.

Among measures he advocated were:

Removal of racial barriers in schools and in the labor force. Strengthening educational systems to meet the nation's needs for more professional and technical manpower.

Youth Killed by Car

LACKAWANNA, N.Y. (AP)—An automobile struck two boys early today as they walked along a highway, killing one and injuring the other seriously.

Charles Keller, 17, of nearby Blasdell, was killed.

Samuel Leone, 15, of Lackawanna, suffered head injuries. He was reported in serious condition at Our Lady of Victory Hospital.

Police said the boys were enroute home from a dance.

'Baby Derby' Goes On

RIVERTON, Wyo. (AP)—For a while it looked like Riverton's annual "baby derby" might have to be canceled. Then, Friday, a daughter was born to Mr. and Mrs. Bob Herman.

As Riverton's first baby of 1964, she will receive gifts from 34 merchants sponsoring the contest.

Business Week in Review

By JACK LEFLER

NEW YORK (AP) — As 1964 arrived, business pinned its hopes for accelerated growth on an early income tax cut.

Optimistic predictions about the outlook for the new year were qualified with a big "if"—if Congress acts quickly on tax legislation.

Slow Growth Without

Secretary of Commerce Luther H. Hodges forecast that the gross national product — total value of all goods and services — would exceed \$620 billion in 1964 if the administration's \$11.1-billion tax cut bill clears Congress soon. That would be an increase in the GNP of at least \$36 billion over 1963.

Hodges said that without a tax reduction the economy would grow more slowly and "the prospects for continuous expansion through all of 1964 and 1965 would be seriously impaired."

Favorable factors, he said, were that business generally has avoided excess inventories that could later lead to reduction in production, Christmas shopping reached a record level, 1964 model automobiles have been favorably received and financial markets reflected apparently strong investor confidence.

The National Planning Association, a privately supported organization of persons prominent in business, labor and education, was a bit more conservative in its forecast, putting the expected gain in the gross national product at \$26 billion, to a total of \$610 billion.

It, too, based its prediction on the belief there will be a tax cut.

"Should that assumption be wrong," it said, "we would have to assume a substantially lower increase in the gross national product."

A leading banker, David Rockefeller, president of the Chase Manhattan Bank, largest in New York, described the business outlook for 1964 as excellent.

He said a major influence in the favorable business forecast will be the tax reduction bill which President Johnson has pledged to push.

Senate leaders have promised Johnson to work for early passage with a provision that the reduction would be retroactive to Jan. 1.

The National Association of Purchasing Agents reported

that a majority of its members believe business in the first half of this year will be better than in the like period of 1963. Fifty-eight per cent looked for gains, 11 per cent expected a decline and 31 per cent thought it would be about the same.

Few Expect Decline

For 1964 as a whole, 69 per cent said they believed it would be better than 1963. Only 4 per cent forecast a decline.

The second holiday week in a row cut into automobile and steel production but both industries expected a resurgence when the new year really gets under way.

Automakers turned out an estimated 124,500 passenger cars this week, down from the 131,165 assembled last week but ahead of the 114,020 built a year ago.

The industry wound up 1963 with the greatest production of cars and trucks since 1955. The year's output was estimated at 9.1 million units, just under the record figure of 9,188,000 in 1955.

Some work disputes in General Motors and Ford plants caused stoppages that prevented production reaching a record level. Studebaker Corp.'s abandonment of U.S. production also cut into the total.

Steel Output Drops

Steel output dropped last week because of the Christmas holiday, slipping to 1,804,000 tons, off 9.9 per cent from the previous week. Output was expected to be about the same during the New Year's week.

Industry executives expected shipments should increase about 15 per cent in January. Demand for light products was reported improving and orders for heavy products were holding up better than expected.

Roger Blough, chairman of U.S. Steel Corp., reported that domestic steel consumption set a record of 77.4 million tons in 1963 but rising imports were a problem.

Herman F. Lehman, head of General Motors' Frigidaire Division, predicted that appliance sales in the first three months of this year will rise 3 per cent from a year earlier.

The furniture industry reported sales for the first 11 months of 1963 were 7 per cent higher than in the like period of 1963.

Tippit Widow Is For Modest Life Despite \$498,110

DALLAS, Tex. (AP)—Mrs. J. D. Tippit has received almost half a million dollars in 43 days. But she says she wants to live as she did when her husband made just over \$100 a week.

The slight, dark-haired woman has sought privacy since her husband was slain as he tried to arrest President Kennedy's accused assassin.

"There's really nothing I can say," said the Dallas widow. "My children and I plan to stay here in the same house, and try to live as normally as possible."

Outwardly, Mrs. Tippit pays no attention to the day-to-day count of donations to a fund for her and her children—Charles, 13; Brenda Kay, 10, and Curtis Glen, 5.

"She doesn't call us. I'm quite sure she probably reads the totals in the newspapers," said Police Lt. Verne Hipskind.

Funds for Mrs. Tippit mounted to \$498,110 Friday.

Mrs. Tippit also has received many notices of contributions to organizations in her husband's name.

Because contributions to Mrs. Tippit are considered gifts, they are not taxable. A bank official has estimated that investment of half a million dollars in a diversified trust fund would yield an annual income of \$18,000 to \$20,000—about triple Tippit's salary.

Carver Day Sunday

ALBANY, N.Y. (AP) — Sunday will be "George Washington Carver Day" in New York State, by designation of Gov. Rockefeller.

Carver was "one of the most remarkable Americans of true genius who ever lived," the governor said Friday in his proclamation honoring the 21st anniversary of the death of the famous Negro scientist.

NOTICE

Regular meeting will be held Jan. 6 at Excelsior Hose Co. All members are requested to attend. Signed, WILLIAM HOFFMAN, Sec. Refreshments will be served.

Wagner Acquitted Of In-law Assault

NEW YORK (AP) — Howard D. Wagner, 32, of Lansdowne, Pa., has been acquitted of a charge of assault with intent to murder. It stemmed from a shooting in the home of his estranged wife's father at the U.S. Military Academy, West Point.

A federal jury, however, convicted him Friday of carrying a concealed weapon. Maximum sentence is five years and a \$1,000 fine.

An FBI agent testified during the four-day trial that Wagner insisted his pistol went off accidentally during a scuffle last August with his wife's father, a former U.S. Military Academy rifle coach, now retired.

The shots were fired in the West Point home of Sgt. Oscar Gallman of Lebanon, Tenn.

He, Wagner and Wagner's wife, Donna, 19, were struck by bullets in the fracas. None was seriously hurt.

Testimony indicated Wagner had gone to Gallman's home seeking a reconciliation with his wife and hoping to see their son, born last July 3.

The jury of 11 men and one woman deliberated five hours.

Wagner was continued in \$3,500 bail and held in jail in lieu of it.

Critical After Plunge

CAMBRIDGE, Mass. (AP) — A Russian philosophy professor who applied last week for asylum in this country was in critical condition at a Cambridge hospital today after a three-story fall.

Dr. Jouri Asyef, 35, of the University of Leningrad, who has been studying at Harvard on a cultural exchange since September, plunged Thursday night from the apartment of an American friend with whom he had been staying, the State Department disclosed Friday.

Martin Cramer of the State Department confirmed that Asyef had applied for asylum. He said there was no immediate explanation for Asyef's plunge but added the professor's family in Leningrad "was under heavy psychological strain."

Body Recovered

OSWEGO, N.Y. (AP) — Searchers have recovered the body of Daniel Vincent, 14, of Oswego, who was swept to his death in Lake Ontario Thursday by a huge wave.

The body was found Friday in 15 feet of water near the narrow breakwater from which the youth fell. He was the son of an Oswego County supervisor.

Mother, Son Die In Crash, Two Other Boys Hurt

OGDENSBURG, N.Y. (AP) — A 32-year-old mother and her son were killed Friday when their automobile and a gasoline tank-truck collided on Route 37A, just east of the city. Two other sons of the woman were injured.

Mrs. Edward Lalonde of nearby Lisbon and her son Edward Jr., about 8, were dead on arrival at A. Robert Hepburn Hospital here.

Robert Lalonde, 4, and his brother William, 7, were taken to the same hospital, where their condition was reported as satisfactory.

Plan CR Demonstration

ATLANTA (AP) — Representatives of nine civil rights organizations have voted to stage massive street demonstrations to protest segregation in Atlanta but have not set a date.

The groups organized a coalition called the Atlanta Summit Leadership Conference last October in an effort to achieve desegregation through negotiation. Meetings were held with city officials and business leaders.

"I'm disappointed that this conference method has not received a more positive response from white community leaders," said Clarence Coleman of the National Urban League.

Quits GOP Post

SYRACUSE, N.Y. (AP) — State Sen. John H. Hughes has resigned as Onondaga County Republican chairman, effective next Saturday.

"It is time that I return to the practice of law," Hughes told the county committee Friday night.

He has been county chairman since September 1960. Hughes recommended Stewart F. Hancock Jr., Syracuse corporation counsel, as his successor.

Doubt Prof. Will Return to Harpur, Freed in Canada

MONTREAL (AP) — Prof. Roland Hamont, acquitted by a judge of capital murder charges in the death of his wife and two daughters, says his first act will be to "visit the grave of his wife."

Judge Claude Wagner ruled Friday that there was insufficient evidence to send the 42-year-old Hamont to trial. All the evidence given in a preliminary hearing was circumstantial, he said.

A coroner's jury had found the professor, an instructor at Harpur College, Binghamton, N.Y., criminally responsible for the explosion that took the lives of his wife, Sheila, 43, and daughters Nicole, 17, and Leslie, 10, in their home last Oct. 30.

Hamont and his son, Marc, 13, were injured in the blast.

A court source said the charges against Hamont could be revived if new evidence came to light. He said the law against double jeopardy applied only at the trial stage.

In Binghamton, Glenn G. Bartle, Harpur president, said it was doubtful that Hamont would rejoin the faculty.

During Hamont's preliminary hearing, a blonde former student testified that he had proposed marriage to her. The 20-year-old student said he gave her five rings and promised to marry her when his children had grown.

Rocky Is Moving Into Street for Personal Touch

CONCORD, N.H. (AP) — Gov. Nelson A. Rockefeller of New York moves into the streets today on a handshaking tour in pursuit of votes in the first-in-nation New Hampshire presidential primary.

Rockefeller, joined Friday by Sen. Barry Goldwater, R-Ariz., in the race for the Republican presidential nomination, turned to the personal approach after a speech in Portsmouth Friday night.

The governor's speech before a standing-room-only crowd of some 1,300 in Portsmouth High School pledged "to help build a Republican party that rejects the extremism of both the left and the right."

Earlier, he renewed his challenge to Goldwater that they debate the issues. He wired the Arizona senator his congratulations and urged Goldwater "to debate the issues with me—personally—in New Hampshire."

Cheers and applause greeted Rockefeller's declaration that he was entering the race for the presidency not to "stop anyone else within my own party."

Said Rockefeller: "I want to help build a Republican party that rejects the extremism of both the left and the right—a party that is moving forward in the broad mainstream of American political thought."

Rockefeller criticized the Democratic administration for what he said was a failure to speed up the nation's economic growth.

Among measures he advocated were:

Immediate federal income tax cuts.

Removal of racial barriers in schools and in the labor force.

Strengthening educational systems to meet the nation's needs for more professional and technical manpower.

Youth Killed by Car

LACKAWANNA, N.Y. (AP) — An automobile struck two boys early today as they walked along a highway, killing one and injuring the other seriously.

Charles Keller, 17, of nearby Blasdell, was killed.

Samuel Leone, 15, of Lackawanna, suffered head injuries. He was reported in serious condition at Our Lady of Victory Hospital.

Police said the boys were enroute home from a dance.

'Baby Derby' Goes On

RIVERTON, Wyo. (AP) — For a while it looked like Riverton's annual "baby derby" might have to be canceled. Then, Friday, a daughter was born to Mr. and Mrs. Bob Herman.

As Riverton's first baby of 1964, she will receive gifts from 34 merchants sponsoring the contest.

Business Week in Review

By JACK LEFLER

NEW YORK (AP) — As 1964 arrived, business pinned its hopes for accelerated growth on an early income tax cut.

Optimistic predictions about the outlook for the new year were qualified with a big "if"—if Congress acts quickly on tax legislation.

Slow Growth Without

Secretary of Commerce Luther H. Hodges forecast that the gross national product — total value of all goods and services — would exceed \$620 billion in 1964 if the administration's \$11.1-billion tax cut bill clears Congress soon. That would be an increase in the GNP of at least \$36 billion over 1963.

Hodges said that without a tax reduction the economy would grow more slowly and the prospects for continuous expansion through all of 1964 and 1965 would be seriously impaired.

Favorable factors, he said, were that business generally has avoided excess inventories that could later lead to reduction in production, Christmas shopping reached a record level, 1964 model automobiles have been favorably received and financial markets reflected apparently strong investor confidence.

The National Planning Association, a privately supported organization of persons prominent in business, labor and education, was a bit more conservative in its forecast, putting the expected gain in the gross national product at \$26 billion, to a total of \$610 billion.

It, too, based its prediction on the belief there will be a tax cut.

"Should that assumption be wrong," it said, "we would have to assume a substantially lower increase in the gross national product."

A leading banker, David Rockefeller, president of the Chase Manhattan Bank, largest in New York, described the business outlook for 1964 as excellent.

He said a major influence in the favorable business forecast will be the tax reduction bill which President Johnson has pledged to push.

Senate leaders have promised Johnson to work for early passage with a provision that the reduction would be retroactive to Jan. 1.

The National Association of Purchasing Agents reported that a majority of its members believe business in the first half of this year will be better than in the like period of 1963. Fifty-eight per cent looked for gains, 11 per cent expected a decline and 31 per cent thought it would be about the same.

Few Expect Decline

For 1964 as a whole, 69 per cent said they believed it would be better than 1963. Only 4 per cent forecast a decline.

The second holiday week in a row cut into automobile and steel production but both industries expected a resurgence when the new year really gets under way.

Automakers turned out an estimated 124,500 passenger cars this week, down from the 131,165 assembled last week but ahead of the 114,020 built a year ago.

The industry wound up 1963 with the greatest production of cars and trucks since 1955. The year's output was estimated at 9.1 million units, just under the record figure of 9,188,000 in 1955.

Some work disputes in General Motors and Ford plants caused stoppages that prevented production reaching a record level. Studebaker Corp.'s abandonment of U.S. production also cut into the total.

Steel Output Drops

Steel output dropped last week because of the Christmas holiday, slipping to 1,804,000 tons, off 9.9 per cent from the previous week. Output was expected to be about the same during the New Year's week.

Industry executives expected shipments should increase about 15 per cent in January. Demand for light products was reported improving and orders for heavy products were holding up better than expected.

Roger Blough, chairman of U.S. Steel Corp., reported that domestic steel consumption set a record of 77.4 million tons in 1963 but rising imports were a problem.

Herman F. Lehman, head of General Motors' Frigidaire Division, predicted that appliance sales in the first three months of this year will rise 3 per cent from a year earlier.

The furniture industry reported sales for the first 11 months of 1963 were 7 per cent higher than in the like period of 1963.

Tippit Widow Is For Modest Life Despite \$498,110

DALLAS, Tex. (AP) — Mrs. J. D. Tippit has received almost half a million dollars in 43 days. But she says she wants to live as she did when her husband made just over \$100 a week.

The slight, dark-haired woman has sought privacy since her husband was slain as he tried to arrest President Kennedy's accused assassin.

"There's really nothing I can say," said the Dallas widow. "My children and I plan to stay here in the same house, and try to live as normally as possible."

Outwardly, Mrs. Tippit pays no attention to the day-to-day count of donations to a fund for her and her children—Charles, 13; Brenda Kay, 10, and Curtis Glen, 5.

"She doesn't call us. I'm quite sure she probably reads the police in the newspapers," said Police Lt. Verne Hipskind. Funds for Mrs. Tippit mounted to \$498,110 Friday.

Mrs. Tippit also has received many notices of contributions to organizations in her husband's name.

Because contributions to Mrs. Tippit are considered gifts, they are not taxable. A bank official has estimated that investment of half a million dollars in a diversified trust fund would yield an annual income of \$18,000 to \$20,000—about triple Tippit's salary.

Carver Day Sunday

ALBANY, N.Y. (AP) — Sunday will be "George Washington Carver Day" in New York State, by designation of Gov. Rockefeller.

Carver was "one of the most remarkable Americans of true genius who ever lived," the governor said Friday in his proclamation honoring the 21st anniversary of the death of the famous Negro scientist.
